

SIGLER'S LEGISLATION STRIKES SNAG

STATE POLICE
SECRET SQUAD
IS APPROVEDSPY AGENCY VOTED
\$47,000 FUND AT
LANSING

Lansing, April 7 (AP)—An appropriation of \$47,000 to set up a "Red Squad" within the state police today had the unanimous approval of the House.

A separate bill empowering the state police commissioner to set up a subversive activities squad and surround its workings with secrecy was still in committee and not available for consideration by the full House membership.

The money for running the squad after July 1 was included in a measure appropriating \$8,206,533 to the state police, veterans activities and National Guard.

Backed by Sigler
The \$47,000 grant would permit the assigning of nine men to the squad and payment of their expenses. Governor Sigler is actively backing the move.

Rep. Elton R. Eaton (R-Plymouth) expressed fear that the Civil Service commission, traditional whipping boy of the legislature would ruin the whole program.

Rep. Harry J. Phillips (R-Port Huron) sponsor of the bill admitted any new state police hired would have to pass through Civil Service channels.

"I am not at all sure," cried Eaton, "that the commission will do the right kind of a job. After all these men will have to be of a very special type."

Phillips declared that the men "would certainly be screened" by Commissioner Donald S. Leonard. He added they probably would be promoted from the ranks, and the commission would only pass on replacements for them.

Seventh Message Read
Only dissenting voice was raised by Rep. Sherman L. Loupee (R-Dowagiac) who declared, "You could do this job better and cheaper if you spent the money for education. You can't command people to have the proper attitude to American ideals, no matter how many state police you hire."

Questioned by Rep. Howard R. Estes (R-Birmingham), however, Loupee would not go on record as opposing the squad.

The House also passed and sent to the Senate measures appropriating \$4,876,662 to conservation, recreation, and agriculture and setting up the state department of health to be central agency on standards for hospitals receiving federal aid.

Governor Sigler sent his seventh message to the legislature—five of which have been marked "final." He permitted consideration of returning to county governments \$6,000,000 to \$7,000,000 of the \$9,600,000 cost of direct relief.

School Bill Drafted
Such a bill has been sponsored in the Senate and would require counties to contribute one mill of their assessed valuations for direct relief before the state would contribute.

Bills passed by the Senate and sent to the House would appropriate \$52,624,835 for public welfare and \$8,595,115 for adult corrections and permit raising the salary of the correctioner from \$10,000 to \$12,000.

The "model" school aid bill, drafted by a special 23 member committee appointed by Sigler was reported to the Senate floor for debate, but it was amended to pay \$9,000,000 for teachers' retirement out of the \$70,291,000 school aid.

Congress Debates
Fate Of Detroit's
Historic Ft. Wayne

Washington, April 8 (AP)—The much-argued question of the disposition of historic Fort Wayne in Detroit was back in the congressional spotlight today.

Members of the House, in yesterday's debate, picked up a few pointers on early Michigan history, but apparently came no closer to a decision on whether to give the old fort, surplus army property, to the city of Detroit.

Mayor Eugene I. Van Antwerp appeared before the House committee on executive expenditures to argue Detroit's case.

"The flag of Fort Wayne must be kept flying," he declared.

A bill which already has passed in the Senate provides for the transfer of historic sites the army does not want to municipal governments without cost.

However, the cities would have to pay for non-historic sites and use them for recreational purposes.

That distinction led to questions on Fort Wayne by Rep. Hoffman (R-Mich.). He wanted to know just how many of the 90 acres of the fort, where Indians built mounds and American troops camped in 1812, were historical enough to go cost-free to the city.

"I don't like the CIO and the Communists you have down there in Detroit," Hoffman explained to Mayor Van Antwerp. "But I do agree it would be a wonderful thing if these people could get a little fresh air some time."

SOVIETS SNATCH
GERMAN GOODSReds Grab Reparations;
U. S. Squeezed Out

BY RICHARD KASISCHKE

Berlin, April 8 (AP)—Russia and her satellites have grabbed the lion's share of industrial reparations from the U. S. zone of Germany, Gen. Lucius D. Clay, said in his monthly report today.

The American military government said the U.S.S.R. and Czechoslovakia, Yugoslavia, Poland and Albania, have received 63 per cent of the reparations. He based his reckoning in monetary value.

Clay said that in the first two years of the reparations program these countries received from American occupation zone factories 74,763,277 marks worth of equipment. The prewar mark was valued at 40 cents.

This was nearly twice as much as was delivered to 12 western allied nations, which up to March 1 had received equipment with a combined value of 42,412,213 marks.

Russia alone collected about 30 per cent of the total—36,113,245 marks worth.

This is the way he listed value for the satellites: Poland, 8,845,672 marks; Yugoslavia, 22,232,942; Czechoslovakia, 7,003,285; Albania, 588,153.

Biggest receivers among the western nations were France, with 22,546,940 marks worth; Belgium, 4,629,411; Netherlands, 4,335,086; Britain, 2,847,397, and the United States, 17,463. The U. S. share was the smallest of any.

Letters to Italians
From United States
Condemned by Reds

Rome, April 8 (AP)—The Communist-backed popular front attacked today the letter-writing campaign of Italian-Americans urging Communist defeat in the April 18 elections.

Italians in America have sent a flood of letters to Italy, and this attack against them was seen by some as an indication the letters are having considerable effect.

Avanti, the newspaper of the pro-Communist socialist front, gave its entire back page to a multi-colored broadside against the letters.

Meanwhile, party members hitched up their belts for a final week of campaigning for Italy's vital parliamentary balloting.

Communists Strike
South in Manchuria

Peiping, April 8 (AP)—Nine divisions of Chinese Communists were reported striking southward today in a new assault on the government's battered corridor in Manchuria.

Pro-government dispatches said the Red forces were moving along a branch of the Manchurian railway. That line joins the Peiping-Mukden line at Tuhushan, 65 miles southwest of Mukden.

ROADS IMPASSABLE

Fargo, N. D., April 8 (AP)—A meeting to discuss the improvement of roads was scheduled here today.

It was postponed for a week when delegates informed sponsors yesterday's 1.15 inches of rain had made roads impassable and their attendance thus impossible.

HOUSING DOESN'T STUMP HIM—Peter Billecki, a 54-year-old Polish refugee, beat the housing shortage by building his home in the stump of a once-mighty cedar tree in Sedro Woolley, Wash. His makeshift dwelling has two windows, a door, a stove and a combination bed and chair. He raises his food on a plot he reclaimed from a swamp.

Stronger Air Force
Given Top Priority
By Busy Lawmakers

Washington, April 8 (AP)—President Truman asked Congress today for an immediate appropriation of \$725,000,000 for expansion of the Air Force.

The House appropriations committee, to which the president's request was directed, called a special meeting for this afternoon to consider the request. It plans to report to the House next week a bill carrying the new funds.

The bigger-and-better air force drive temporarily has shunted aside plans for universal military training.

The aerial expansion program moved forward in both House and Senate as lawmakers sought to balance manpower and money demands and yet provide the speediest and most effective national defense.

These were the developments: 1. The House appropriations committee hauled a \$775,000,000 Air Force bill onto the legislative runway with assurance from

Chairman Taber (R-NY) of a fast takeoff. Taber assigned top priority to this item in the \$3,000,000,000 asked by President Truman to augment the \$11,000,000,000 already budgeted for defense.

The extra Air Force funds are for aircraft purchases, research and development.

2. Rep. Clason (R-Mass.) announced his armed services subcommittee would begin hearings on legislation to expand the Air Force from 55 to 70 combat groups.

3. The Senate armed services committee weighed a "formal request" by Secretary for Air Symington for a 70-group Air Force.

Members of the Senate committee confided after the closed door session yesterday that they are considering linking the Air Force expansion with a temporary draft. They indicated UMT action would be delayed for the time being.

Senator Maybank (D-SC) told a reporter: "I think we can work out a plan for the 70-group air combat plan without its costing too much."

And Senator Byrd (D-Va.) said he will support such an increase if an extra \$1,800,000,000 will cover the cost. He said the air-mada plan "is something Russia will understand more than anything else."

Secretary of Defense Forrestal, who has opposed the Air Force boost so far, sat in on the committee session but declined comment afterwards.

Circus Opens With
Crowd of 14,000 In
New York's Garden

New York, April 8 (AP)—The Ringling Brothers and Barnum and Bailey Circus, "Greatest Show on Earth," drew a capacity crowd of 14,000 to Madison Square Garden last night for its initial 1948 performance.

The program included a glittering assortment of high-wire artists, waltzing horses, Indians, pretty girls, brass band music, tiny men, tall men, monkeys, jugglers, tigers, and peanuts and pink lemonade.

The show is scheduled to remain here through May 9. Then it begins its country-wide road tour under the big top.

Professor Poorly
Paid, Jumps in Lake

Tientsin, North China, April 8 (AP)—The suicide of a badly-paid professor was reported today, incidental to strikes of faculty members at several North China universities. They are trying to get their salaries increased.

Prof. Li Ting-Kuang, chief physician of Nankai University, drew less than nine million Chinese dollars a month (about \$15, U. S.). On this he had to support himself, his mother, his wife and five children.

He jumped in a lake on the campus.

On learning of his death, his wife tried to kill herself by taking poison. She will recover.

JOHN L. LEWIS
DIGS IN FOR
FINISH FIGHTUNION CHIEF RISKS
PENALTIES FOR
COAL STRIKE

BY HAROLD W. WARD

Washington, April 8 (AP)—John L. Lewis confronted the choice today of ending the 25-day coal strike or risking heavy contempt of court penalties for each day it continues.

There was little to indicate, however, that the United Mine Workers chief meant to comply immediately with the back-to-work order despite the contempt citation slapped on him late yesterday.

Top government officials said Lewis instead appeared to be digging in for a finish fight in the courts.

That fight is scheduled to start Monday before Justice T. Alan Goldsborough, the same judge who fined him and the union \$3,510,000 in 1946 for defying a similar court order. The fines later were cut to \$710,000 by the supreme court.

The government paved the way for a possible new contempt trial when it asked Goldsborough to order Lewis to "show cause, if any," why he and the UMW should not be punished for ignoring the strike-end directive issued last Saturday night.

Court Action Speeded
Goldsborough promptly signed the order, which also calls upon Lewis to say why he shouldn't be held in both criminal and civil contempt. This leaves any possible penalties entirely up to the judge. He could order a jail term as well as a fine if he found Lewis is guilty.

Lawyers for Lewis accepted a copy of the contempt action barely two hours after the citation was issued.

Lewis had made no move to halt the strike since the first court order was issued by Federal Judge Matthew F. McGuire. Instead, his attorneys asked Goldsborough to dissolve the McGuire order on the grounds that it is unconstitutional. They argued that the 400,000 soft coal miners are free agents, striking because they want the pensions authorized by the 1947 contract.

On Monday, Goldsborough will dispose of these three major questions:

1. Whether the McGuire order should be upheld;

2. If so, whether it should be extended to the full 80-day injunction called for under the Taft-Hartley Act; and

3. Whether Lewis and the union are in contempt for not ending the strike.

If they fail to clear themselves of the contempt citation Monday, a trial will be held Wednesday.

RAILWAY WAGE
OFFER STUDIED

Unions And Carriers Try
To Avert Strike

Chicago, April 8 (AP)—Representatives of the nation's railroads and three operating Brotherhoods will meet in Chicago next Wednesday in another attempt to resolve their wage dispute and avert a strike.

General chairmen of the engineers, firemen and engineers, and switchmen, who rejected recommendations of a presidential fact-finding board, had requested the meeting.

The carriers accepted the board's findings of 15½ cents an hour wage boost and changes in some working rules. However, they are contending for the GOP presidential nomination, will stage a radio debate Sunday night.

Their subject will be "How the American standard of living—how can it best be improved?"

The debate will be broadcast on the CBS "The People's Platform" program and recorded for re-broadcast over Detroit station WJL from 9 to 9:30 p. m.

British Drive Only
90 Miles A Month

London, April 8 (AP)—Fuel Minister Hugh Gaitskell announced today all automobiles will be allowed enough gasoline for 90 miles of pleasure driving a month, starting June 1.

This compares with 270 miles under the old basic ration which was halted last autumn. Since then, pleasure drivers have received no fuel.

Nebraska Primary
Next Big Test For
7 GOP Prospects

Washington, April 8 (AP)—Politicians sizing up the apparent Dewey shut-out in Wisconsin waited today for Nebraska's popularity primary to bring the Republican presidential race into possibly sharper focus.

The Cornhusker state's all-star show next Tuesday marks Gov. Thomas E. Dewey's first test of strength against Ohio Senator Robert A. Taft, who wound up a three day personal appearance tour last night.

It also provides a new showdown between the New Yorker and Harold E. Stassen, the former Minnesota governor who romped off with the Wisconsin prize.

Dewey flew into Nebraska last night for a two-day speaking campaign, with Stassen likewise on hand for a final ballot drive.

In all, seven names will appear on the GOP ballot, including those of Gen. Douglas MacArthur, second man in Tuesday's Wisconsin race, and Gov. Earl Warren of California, the fifth avowed aspirant for the nomination.

The two darkhorses are Senator Arthur Vandenberg of Michigan and House Speaker Joseph W. Martin jr., of Massachusetts.

The result of the preferential balloting will not be binding, however, on the 15 national convention delegates to be picked the same day.

Although Stassen won at least 19 of the Wisconsin delegates and Dewey had a chance to grab only one of the eight in the MacArthur column, the New Yorker still leads in the national race to date.

He can claim 103 of the 305 delegates picked out of a total of 1,094 to be chosen. Two more

MAN BLOWN UP
IN LOS ANGELES

Suicide Bomb Shatters
Downtown Office

Los Angeles, April 8 (AP)—A lonely, frustrated old man blew himself to bits yesterday with a crudely-fashioned bomb that wrecked the office of the state industrial accident commission. Four persons were injured by the explosion.

The man was identified as Charles W. Hunter, 65, who lost his left arm in an industrial accident in 1927. The commission was paying him \$6.57 a week disability and had under consideration his application for a lump sum settlement, officials said.

The deafening blast shattered scores of windows, blew out a big portion of a wall in the commission waiting room, on the fifth floor of the California state building, and brought throngs from nearby buildings in the civic center.

Referee J. J. Batistich of the Commission said Hunter originally had demanded \$50,000 for his disability, but sealed the figure down and had appeared at the commission offices nearly every day, disgruntled over his status.

Police investigators said Hunter detonated dynamite sticks that he carried in his trouser pocket. Wire concealed in his clothing ran from the sticks to a series of small batteries and a plunger. The lower part of the man's body was blown away by the terrific explosion.

Stassen Corners 19
Delegates, Blanks
Dewey In Wisconsin

Milwaukee, April 8 (AP)—Harold E. Stassen was assured today of 19 of Wisconsin's 27 National Republican Convention delegates.

His victory, which blanked Gov. Thomas E. Dewey of New York, established him as a top contender for the GOP presidential nomination.

The former Minnesota governor, on the basis of nearly complete unofficial returns, swept all seven delegates-at-large and won 12 district delegates races. Gen. Douglas Mac Arthur picked up the remaining eight. Gov. Thomas E. Dewey of New York was shut out completely.

Stassen had clinched 18 delegates when ballot counting stopped last night, but the outcome of the fifth (Milwaukee) district remained in doubt until complete returns were tabulated today.

Blast Wrecks Suite
On 57th Floor Of
The Empire State

New York, April 8 (AP)—A fire and explosion in an Empire State building office suite last night sent flames bursting through 57th floor windows as shattered glass crashed to the street.

Firemen, who brought the blaze under control within 20 minutes, listed the fire and blast tentative as of mysterious origin and Fire Marshall Thomas P. Brophy began an investigation.

Damage was mostly to one room of an eight-room suite occupied by Ciba States, Ltd., drug manufacturers and dyestuff dealers.

MILLER TRANSFERRED
Jackson (AP)—First Sgt. Clarence B. Miller, recently acting commander of the eighth district, Michigan State Police, Marquette, was named assistant commander of the fourth district in Jackson Wednesday.

GOVERNOR AND
KEYES REOPEN
THE OLD FEUDDEMAND FOR MORE
HIGHWAY TAXES
GETS SUPPORT

Lansing, April 8 (AP)—Governor Sigler's program in the legislature was in trouble today, and Lt. Gov. Eugene C. Keyes wasn't helping any.

As Sigler fought off demands he open the door for consideration of higher highway taxes, Keyes made public a letter urging the governor to do that.

In the House, the governor's proposal to take the sales tax diversion repealer off the November ballot was beaten by three votes.

In the Senate, the administration whips had to muster all strength to save two of Sigler's other proposals, joint amendments to let the legislature fix their own and state officials' salaries.

Adjournment Threatened
The House continued to waver in Sigler's face a resolution to adjourn finally next week, a move taken as a threat to force Sigler to allow consideration of increased gasoline and auto taxes.

The House first joined the Senate in adopting a formal resolution urging Sigler to open the door to the highway tax question, then backed off and put the resolution on the table.

Keyes reopened his old feud with Sigler in gallingly polite fashion.

He urged Sigler "in a friendly and helpful spirit" to "consider the critical condition of our roads and the pressing need for financial assistance."

He promised that if Sigler would let the legislature consider the question he would do his best to "explain things to the voters and to 'offset any criticism of your action.'"

Keyes reminded the governor he had opposed Sigler's veto of a one-cent-a-gallon gas tax increase last summer "for exactly the reasons which have since become more evident, the inevitable rightness and necessity of providing sufficient funds to maintain Michigan highways at the level for which they were to be internationally famous."

Rep. Rollo G. Conlin (R-Tipton), who sponsored Sigler's plan to take the sales tax diversion repealer off the ballot, greeted its appearance on the floor with a motion to table it.

"We shouldn't act on this," he said, "until we know what the Senate is going to do. They might not pass it and leave us on the spot."

Measure Tabled
Senate sources said there were more than enough votes to beat it in that chamber.

The measure drew a vote three short of the necessary two-thirds majority. It was laid on the table, where it can be revived later if enough voters are found.

Sigler's proposal to let legislators and state officials' salaries be fixed by statute, rather than in the Constitution, came out of the Senate judiciary committee without recommendation—a move which automatically put it on table.

U. P. Swedish Festival Committees Organized

Dr. N. L. Lindquist was elected chairman and Leslie Olson vice chairman of the Upper Peninsula Swedish Pioneer Centennial committee at a meeting held at the Escanaba Chamber of Commerce office last night.

The Escanaba Chamber of Commerce committee, working in cooperation with the Swedish Pioneer Centennial committees of Delta and other counties of the

Upper Peninsula, will stage a celebration in Escanaba on Tuesday, June 15. Prince Bertil of Sweden and a troupe of Swedish girl gymnasts from Stockholm will participate in the festival here. An added attraction will be the C. & N. W. Centennial Train, which has rearranged its schedule to be in Escanaba on June 15.

BISHOP SPEAKS TONIGHT

Bishop Theodor Arvidson of Stockholm, Sweden, will address a public meeting in English at the Wm. W. Oliver auditorium at 8 o'clock this evening. He will discuss the Scandinavian-Russian situation. A. Theodore Sohlberg of Gladstone, chairman of the Delta County Swedish Pioneer Centennial committee, sponsor of Bishop Arvidson's appearance here, will introduce the speaker. No admission fee will be charged.

Members of the Escanaba Chamber of Commerce committee are: Dr. N. L. Lindquist, chairman; Leslie Olson, vice chairman; A. V. Aronson, Gust Asp, Dr. G. W. Benson, Albin Carlson, Wm. J. Duchaine, Dr. R. E. Erickson, Charles Follo, George Grenholm, Norman Hansen, Rev. Karl Hammar, Dr. Roy B. Johnson, Fred Johnson, Rev. Gustav Lund, A. W. Moberg, Carl G. Nelson, H. J. Norton, Walter Pearson, Matt Peterson and C. Gust Peterson.

The following sub-committee chairmen have been appointed: Reception, Matt Peterson; parade, Fred Johnson; program, Charles Follo; publicity, Wm. J. Duchaine; finance, Walter Pearson; Swedish societies, A. W. Moberg; Housing, Rev. Karl Hammar and Rev. Gustav Lund; special events, George Grenholm; promotion, Gust Asp.

Elmer C. Johnson, Tie Plant Engineer, Claimed By Death

Elmer C. Johnson, 65, of 919 Sheridan road, died at St. Francis hospital at 11 o'clock last night. He had been in poor health since November.

Mr. Johnson was born in Norway, Oct. 27, 1882, and came to Escanaba with his parents when he was five years old. He entered the service of the Chicago & North Western as a young man and was with the company for over thirty years, holding the position of engineer-fireman at the tie plant. He was a member of the Brotherhood of Railway Engineers.

Surviving are his wife, Alice, and two brothers and two sisters: Rudolph E. Johnson, Escanaba; George E., Chicago; and Mrs. Elsie Olson and Mrs. Thurman Jacobson, of Seattle, Wash.

Seek Women Here To Supervise Army Overseas Clubs

About 250 women without dependents, from 25 to 40 years old, who are qualified to supervise overseas Army service clubs, are being sought in Michigan. The job pays from \$3,000 to \$4,000 annually.

First Lt. Frances W. Rice will interview applicants in the Detroit Commercial and Professional placement center of the Michigan Unemployment Compensation Commission, 2210 Park Avenue, Detroit, from April 12 through April 21.

Applicants' educational background should include some college training, and some experience in recreational work. They should consult their Michigan Unemployment Compensation Commission office located at 1323 Ludington Street, Escanaba.

Lieutenant Rice said that all Michigan applicants applying to an office of the Michigan Unemployment Compensation Commission, and possessing the necessary qualifications would be granted interviews. The positions are open in both Europe and Asia, at the discretion of the Army.

Delta Democrats to Meet Friday Night

A Delta county Democratic party convention will be held at the court house in Escanaba at 8 p. m. Friday night for the purpose of electing delegates to the Democratic state convention to be held April 30 and May 1 in Battle Creek.

The county convention is called by Gerald J. Cleary, county chairman of the Democratic party. The drafting of resolutions and other business may also come before the convention.

THANK YOU

To the Voters of Escanaba

I sincerely appreciate the generous support you gave me at the polls in Monday's city election.

Past Commanders Of Escanaba Legion Have Annual Party

Nineteen past commanders of the Escanaba American Legion post, who have served during the last 29 years, held their annual reunion dinner at the Legion hall Wednesday night. They elected officers and held a brief meeting of the Last Man's club, an organization of past commanders who held office during the first 20 years of the post's history.

The new past commander's club officers for the ensuing year are: president, N. P. Thompson; vice president, William Ehnerd; secretary-treasurer, Ed Anderson. Alec Madalla, who was one of the absentees among the past commanders, was elected custodian of the Last Man's club bottle of spirits

which will become the property of the last surviving member of the club. So far the group is intact as organized back in the early thirties, with no members lost by death.

Ed Moersch presided at the meeting last night, with William Perron as secretary. Pictures were taken by Phil Bruce, official photographer of the club.

Two new members, Bob LeMire and Victor Johnson, were initiated as new members of the past commanders' club. LeMire served as post commander in 1946-47, and Johnson is the 1947-48 commander.

In a story-telling contest which featured the meeting, the first prize "Oscar" was won by Bob LeMire. Consolation prize went to John Peltier.

Count Zeppelin completed his first airship in 1900.

Liquor Hearings Held; Cases Are Under Advisement

Four Delta county liquor licenses charged with violations of the liquor laws were given hearing yesterday at the court house before Examiner Thomas Bailey of the state liquor control commission. The cases were taken under advisement and disposition is expected in about one month.

In the case of Frank Moraski, Escanaba Rt. 1, one of three charges may be subject to con-

tinuance under certain conditions. The three counts against Moraski were: 1—Selling to a minor; 2—Selling or serving minors; 3—Allowing intoxicated persons to loiter on the premises.

Elmer C. Sanders of 1111 Ludington, Escanaba, was charged with selling or serving a minor, and Herbert Westlund, Rock, was charged with selling on credit.

Maimi Halmeoja and John Berg of Maple Ridge were given hearing on charges of: 1—Selling alcoholic beverages on credit; 2—Selling for consumption off the premises.

U. OF M. BAND PLAYS FRIDAY

Alumni Club Sponsors Concert Here

The University of Michigan concert band will be heard here at William W. Oliver Memorial auditorium Friday night at 8:15. The band's appearance is sponsored by the University of Michigan Alumni club.

William D. Revelli, who received musical training in Beethoven Music Conservatory in St. Louis, Mo., the Columbia Music School, the Chicago Music college and the Vandercook School of Music in Chicago, directs the student band.

Professor Revelli joined the U of M faculty in 1935 and since that time has brought the marching and concert bands to national fame. Ferde Grafe, Roy Harris, Morton Gould and other notable American musicians have praised the band highly.

For the concert here, the band will include alto and bass clarinets, oboes, flutes, English horns, bassoons and harps, none of which are found in the school's noteworthy gridiron band.

Tickets for the performance are available at the Junior high school, on Friday from 8-12 a. m. and 1-5 p. m. All those who hold advance tickets may exchange them for reserved seats Friday, at no additional cost.

Senior Class Play, "Dear Ruth," Was Stage, Movie Hit

Senior students of Escanaba high school picked a good show, in "Dear Ruth," as their annual class production. The comedy was a hit on Broadway for many months and Hollywood recognized it as one its patrons would be sure to see and like.

The role of Ruth, older sister of Miriam Wilkins, is played by Marion Birkenmeier and Billie Ann Daniels plays the part of the provocative Miriam. Dora is played by Joyce Elliott; Mrs. Edith Wilkins by Barbara Duchaine; Judge Harry Wilkins by David Walsh; Lt. William Seawright by Dick Lough; Albert Kummer by Carl Nelson; Martha Seawright by Eunice Holmes; Sgt. Chuck Vincent by John VanEnkevort, and Harold Klobbmer by Gerald St. Martin.

Miriam Wilkins, a high school senior of 16 (one full year ahead of the average), is ahead of the average in just about everything. She embroils her sister Ruth in a love affair with one of "our boys" overseas by signing Ruth's name to various potent love poems chosen from the Romantic period of English literature. Ruth has a 4-F boy friend who has a back defect. Complications in the show grow to a hilarious point, while the older generation, represented by the Judge and his wife, look on with wonder.

The play will be produced by the students May 5. It is directed by Bertrand Henne.

Nahma Youth, 20, Confesses Robbery

Richard Hescott, 20, of Nahma, today confessed to sheriff's officers in Escanaba that on Tuesday afternoon at the point of a hunting knife he held up and robbed John Klim of Nahma of about \$26. The robbery occurred about one-half mile north of Nahma.

In the confession signed by Hescott, the young man described how he had followed Klim from Nahma and had pushed him to the ground. While on the ground, Klim took out his wallet and gave it to Hescott, who took out the money and gave back the wallet.

Sheriff's officers arrested Hescott Tuesday evening. Yesterday Hescott demanded examination when arraigned in Justice Henry Ranguette's court on a charge of assaulting Klim with a knife, with intent to steal and rob. He was held in jail in default of \$1,000 bond when the confession was made to officers.

Briefly Told

Symphony Players—Musicians in the Cloverland Symphony orchestra are reminded to meet at Escanaba Junior high school Sunday at 10:30 a. m., to travel to Iron River where the symphony orchestra will present a concert at 3:30 p. m., under auspices of the Iron River Choral club. The symphony will present the same program heard in Escanaba.

Condition Unchanged—The condition of Norman Lauscher, 22, who was critically burned Tuesday in an alcohol explosion was reported unchanged this afternoon at St. Francis hospital.

Obituary

CHARLES COTA, SR.
Funeral services for Charles Cota, Sr., pioneer of Danforth, who died Wednesday morning in Garden, will be held Saturday morning at 10 o'clock at Holy Family church, Flat Rock, with burial in Gardens of Rest cemetery. The body will be in state at the Anderson funeral home Friday afternoon.

The average bee is compelled to travel approximately 550 miles to make a teaspoonful of honey.

Joe Winette, 71, Claimed By Death

Joe Winette, 71, of Danforth, who suffered a stroke more than a month ago, died at 6:30 p. m. Wednesday in the Delta Convalescent Home. He had been receiving treatment in St. Francis hospital until a few days ago.

Mr. Winette became ill in his home, where he lived alone. The evening of March 19 he was found and removed to the hospital, after lying for two days on the floor of his unheated house.

Born in Beaufre, Canada, in 1877, he had lived in the Danforth area for some time.

Known survivors are two aunts, Mrs. Fred Moran of Manistowick, and Mrs. Josephine Rivett of Coleman, Wis., and two sisters in Canada.

The body was taken to the Anderson funeral home. Funeral arrangements had not been completed today.

SUNDEW AIDING ORE CARRIERS

Boats Encounter Trouble With Drifting Ice

Ore carriers moving in and out of Little Bay de Noc today were encountering difficult ice conditions, but the delays were kept to a minimum by the assistance of the Coast Guard cutter Sundew in breaking channels for the freighters. The Sundew came in last night succeeding the Woodbine, which left the bay yesterday afternoon. Her destination was not announced, but she may be on her way to aid shipping in Lake Superior where the Mackinaw is now at work.

The steamers Joe Block and McCullough were given assistance by the Sundew in making their way through bay ice this morning to the C&NW docks at Escanaba. The Harvey Brown and the John Sherwin and Angeline are also scheduled to arrive this evening. The E. J. Block, one of the two first to open the ore shipping season at Escanaba, is due back tomorrow morning.

Clearing at noon today will be the Reiss Brothers, flagship of the Reiss Steamship company, with a cargo of 13,000 tons of ore. The International will clear later today. Both are expected to require the assistance of the Sundew in getting out through the ice-choked bay to Lake Michigan.

Lee McMillan, C&NW railroad dock agent, today reported that with the sailing of the Reiss Brothers a total of 10 boats will have been loaded since the opening of the season April 2. The 10 boats will have taken 92,500 tons of ore from the Escanaba docks.

Little difficulty from frozen ore is being encountered on the docks, although some thawing is necessary when the ore freezes to the sides of the cars.

In 1942, a year of full employment, it was estimated that about one-third of all urban families were in income brackets which prevented adequate diets.

Increased Travel Noted at Airport

Considerable passenger travel by airplane was noted at the Escanaba municipal airport this week.

C. K. Nauman and J. A. Wallace of the Ford Motor company, Detroit, arrived here by plane yesterday, enroute to the Ford plant at Iron Mountain, and returned to Detroit on the airliner's return trip.

L. R. Longmate went to Detroit on business yesterday by plane. C. H. Shinauer arrived by plane from Detroit yesterday and is a guest at the House of Ludington.

Thomas Butler, operator of the Newberry Flying Service, Clinton Davis, of the Crystal Falls Flying Service, and L. Blohn of Long's Air Service, Marquette, came here by plane yesterday, for a meeting with officials of the Veterans Administration.

Joseph Paterick, 920 Fifth avenue south, went by plane yesterday to Green Bay to visit his wife who is a surgical patient in Bellin Memorial hospital.

The United States now has plant capacity to produce more than a million long tons of synthetic rubber annually.

May Stop Bookmobiles

CITIZENS of rural communities in Menominee county now receive a library service that is virtually on par with that offered to residents of the city of Menominee.

A county library was recently opened at Stephenson and a new bookmobile was purchased to transport books and other reading material to the young and old in Jam Dam, Nathan and other isolated communities.

Menominee's bookmobile is now one of 19 rolling libraries operating in Michigan, a service that is made possible to a considerable extent by the \$69,000 appropriation by the state legislature for county libraries. State aid also has proved a great help in recent years to township and school libraries, village and city libraries. For instance, the Carnegie public library in Escanaba has received upwards of \$3,000 annually in state aid. The Escanaba library has used this money for purchasing new books and equipment and paying a portion of staff salaries.

Whether both urban and rural communities in Michigan will continue to receive the high standard of library service, to which they have been accustomed, will depend upon the state legislature's action. The appropriation bill, recently introduced by the House ways and means committee, did not carry the usual \$375,000 item for state aid to libraries. A determined effort is being made to restore the deleted item by members of the legislature who appreciate the need for state aid to assure good library service in Michigan communities.

Finns Sign With Russia

FINLAND has signed a treaty of friendship with Soviet Russia in negotiations completed in Moscow, providing among other things that the Finns would fight "within her borders" in the event that either Finland or Russia was attacked by Germany or a German ally.

On the face of the treaty signed with Russia, Finland appears to have fared better in the negotiations than expected. Actually the treaty is meaningless because Russia would not respect its provisions if the Soviets decided that violation of the pact would serve Russian interests.

For instance, the treaty provides that no Russian troops would enter Finland without prior negotiation. The Red army theoretically would respect Finnish territory unless the Finns invited the Reds to come in and help ward off an attacker.

This part of the pact is window dressing only and the Finns know that. The Russians tipped their hand in the original draft of the treaty in which the Soviets proposed the right to send troops into Finland whenever the Russians decided an emergency existed. The Finns opposed that vigorously so the Russians yielded on the point. They yielded because it was relatively unimportant from the Reds' standpoint. The Russians have never been noted for their observance of international commitments. If and when the time comes that Russia decides that she desires to send troops into Finland, she will do so regardless of any treaty barriers that may then exist.

As for Finland inviting the Russians to enter their country to aid in fending off an enemy, there is little chance that this could happen unless, of course, the Finnish government was first seized by the Communist fifth column. Finland's worst enemy is Soviet Russia, despite any statements on paper to the contrary.

Save The Forests

THIS SPRING, the State Foresters and the Forest Service of the Department of agriculture are conducting a nationwide program to reduce forest fire losses. And that campaign can be a success only if the public is made aware of the problems and how to deal with it.

Fortunately, some progress has been made in dealing with the forest fire menace. In prewar years, we averaged 210,000 fires in our forests, woods and range lands. Since the war, the number has dropped, and was 172,000 in 1946. But no one should accept these statistics as an indication the waste is unimportant. Last year, forest fires burned enough trees of saw-timber size to build 86,000 5-room homes; and enough pole sized trees to provide a 12-month supply of newsprint for every newspaper in this country.

What causes forest fires? The experts have the answer to that, based on years of correlated experience. Only one in a hundred is the result of explosions, sparks from machinery, etc. A very few are the handiwork of arsonists. Less than ten per cent are started by lightning. And here is the big point: 90 per cent are caused by people—by the carelessness of the campers, hunters, travelers, loggers, farmers and the others who live in the forests, who work in

them, or who visit them.

During the campaign, these and many other facts will be made available. Forest fire prevention—like any other kind of fire prevention—isn't a job for the "other fellow." It is a job for you.

Teachers' Ultimatum

IT IS with considerable displeasure that we note the action of the Iron Mountain Classroom Teachers in issuing an ultimatum to the Iron Mountain school board to pay a \$200 cost of living bonus by the end of this week or face a teachers strike effective next Monday, April 12.

We are not familiar with the teacher salary situation in Iron Mountain and, of course, do not pretend to intimate that the Iron Mountain teachers are unjustified in seeking higher salaries.

The ultimatum tactics, however, are hardly befitting the character that American parents desire in persons employed to teach their children. The president of the Iron Mountain teachers organization, who is personally opposed to the strike, Silvio Egizi, stated the case aptly with his denunciation of the action as "unethical and unprofessional."

The Iron Mountain teachers based their demand upon the salary recommendation of the Michigan education association, but the MEA itself is opposed to the strike weapon as a means of enforcing wage demands in the teaching profession. The executive director of the MEA is the authority for this statement in a recent letter to the Escanaba Daily Press.

The teachers' best approach to the salary problem is to present their case fairly to the people. A strike in public schools serves only to jeopardize the good will of the people who are footing the bill.

Other Editorial Comments

IT PUTS CROOKS IN JAIL!

(Detroit News)
Thanks to Michigan's one-man grand jury system, scores of crooks who never would have seen the inside of prisons if the routine agencies of law enforcement had been depended upon to bring them to justice, are doing or have done time.

If a suit now being heard before the United States Supreme Court is intended to scuttle the system, by which witnesses are compelled to make appearances and are punished if they are stubborn, it is to be hoped by all friends of law and order that the attempt will fail. Wilber M. Brucker, speaking for the State Bar, believes the suit is so intended.

He have yet to hear that any innocent man has been railroaded to prison by way of prosecution initiated by the one-man jury, nor have we heard of high-handed treatment by such a jury of any witness who was without guilt.

We have heard it complained by those whose business it is to keep crooks out of jail that they dislike the law, as well they might. They are less numerous in the community than those citizens who have found in the system a swift instrument of justice which they would not willingly lay down.

FOR LIFE: WHY NOT?

(Detroit News)
Why a motor car should be fitted out yearly with a new license plate bearing a different number is not to be explained on any ground of necessity. Custom seems to have dictated the procedure. Yet many countries, like Great Britain, assign a number for the life of a car, and a beginning in a small way has been made among our states.

Connecticut in 1937 embarked on a five-year trial of the permanent plate, and in 1942 made it standard practice.

California last year initiated a five-year test of plates bearing no dates but carrying an emblem changed from year to year.

Lansing is making a study of the experiences of these states with a view to possible adoption here. Arguments for the permanent plate are the saving in metal, the ease of remembering one's license number, a simplifying of public records and cut in costs, and elimination of the periodical nuisance of removing plates and attaching others. Together, these appear to make a case.

There are too many motorists who never take sides. They go right down the middle.

"Prices Soar"—headline. Natural result: People sore!

Take My Word

For It . . . Frank Colby

WHAT'S THE ORIGIN?

Acedia: Crossword puzzle addicts frequently encounter the word EVOE, said to be the cry of bacchanals. Will you please explain it?—C. H. McCa.

Answer: Evée is from the Latin euhoe, from the Greek eui, "a shout of joy at the festivals of Bacchus." It may have evolved originally from Euan (also Euhan), "a surname of Bacchus." The form evoc is pronounced: ee-VOE-ee.

Concord: Is it "ornery" or "ornery"? And where did we get the word?—M. E. W.

Answer: The word is spelled either way. Ornery (ornery) began as a dialectal corruption of the adjective ordinary. "The burro is such a cursed ornery critter that he'll try to get away from you every time."

—Boston Globe, 1895.

Ornery (ornery) means, "low; mean; contemptible; cantankerous; hard to manage." It is an Americanism that apparently is unknown in England.

The noted English author, John Cowper Powys (at this writing he is 76, and lives near Corwen, in North Wales), came across the word ornery. He wrote to a friend in

World Events Analyzed

BY MARQUIS CHILDS

Washington. — Administering the huge European recovery program will take a staff of about 800 in this country and approximately the same number abroad. Even before the No. 1 and No. 2 men get organized, the drive has begun to recruit this force.

Immediately the question of clearance for loyalty comes up. Increasingly, with the spread of fear and suspicion, this becomes an obstacle in the way of quick, effective government.

As spelled out in the ERP bill, that obstacle looks particularly tough. It is a beautiful example of the lack of confidence which seems to plague Congress.

Under the loyalty provision of the bill, there is a period of grace of three months when members of the staff may go to work. This is a modification of the language put in by the House, which specified that no one could be employed at all without first undergoing a loyalty check and certification.

If that language had stayed in, the start of the program might have been delayed for weeks or months. Both in the state department and the FBI, there was a great sense of relief when the three-months grace period was substituted.

There is still, however, a big hurdle in the loyalty provision. All employees must be investigated during the three months grace period. They cannot be retained after that time except on the following terms:

"... Unless such individual has been investigated as to loyalty and security by the Federal Bureau of Investigation and a report thereon has been made to the secretary of state and the administrator, and until the secretary of state or the administrator has certified in writing and filed copies thereon with the Senate committee on foreign relations and the House committee on foreign affairs that after full consideration of such reports he believes such individual is loyal to the United States, its constitution and form of government and is not now and has never been a member of any organization advocating contrary views."

The catch word in the above is "believes." Legal advisers in the state department are of the opinion that this means the secretary or the administrator must personally vouch for the loyalty of each individual employee.

That appeared to be the view of members of Congress who wrote the provision into law. They wanted a personal guarantee from the top man.

Ordinarily, of course, certification of loyalty after a thorough FBI inquiry would be delegated to an administrative assistant. In the state department this responsibility falls on John E. Peurifoy, assistant secretary for administration. But Peurifoy's legal adviser has informed him that in this instance, because of the language in the ERP act, Secretary Marshall could not have his assistant act for him.

Even if the secretary and the administrator should divide the task, it would put a great burden on two men who already have far too much to do. To look over several hundred FBI reports and personally vouch for that number of employees would consume the invaluable time of officers charged with top responsibility for American foreign policy.

At the same time a heavy new burden is placed on the overworked FBI. Under president Truman's loyalty order the FBI has thus far checked 1,404,162 government employees, with nearly 400,000 still to go. The FBI must clear all employees of and applicants for work with the atomic energy commission.

The budget bureau cut the FBI from the \$50,000,000 requested by J. Edgar Hoover to about \$43,000,000. This means that the number of agents will be reduced by 415 on July 1. FBI employees are now working a 6-day week while other government workers are on a regular 5-day week.

Buck-passing between Congress and certain government agencies also adds to Hoover's burden. Take the factual example of agency XYZ. A committee of Congress believes that agency XYZ is harboring certain disloyal employees. Agency XYZ, reluctant to act, tells the committee that it has asked the FBI to get more information. This means putting six agents on the case, and the work load of FBI goes up.

Government cannot be efficient under this increasingly oppressive burden. It will finally end with loyalty investigators investigating other loyalty investigators, and the net result will be a stalemate of suspicion and distrust.

Missouri: "I simply must know all about the delightful American word." The friend forwarded the letter to me, and I sent him an explanation of the word.

A few weeks later Mr. Powys replied in his undecipherable hand: "I am highly delighted with the fascinating origin (of orny). I'll be using this word to everybody I correspond with in America now! And if I get in a row, I'll put it on you, Frank Colby!"

It is interesting to note that the word ordinary itself, in Southern usage especially, has much the same meaning: "inferior; commonplace, of low origin;" hence, the equivalent to "white trash," as, "Her family wouldn't let her marry him—he's ordinary, you know."

Akron: How did we get the name anti-macassar for the ties we place on our upholstered chairs?—Mrs. A. D. F.

Answer: The ties were so named in the elegant days of not so long ago when the men of fashion used Macassar oil as a hair dressing. The goo came off on chairs, sofas, etc., and the ties became necessary to protect against (anti-) Macassar (oil).

Childs

Who's Freezing Out Whom?

Good Evening

By Clint Dunathan

RECRUITING—The recruiting division of the U. S. armed forces is passing up a good bet. This conclusion was arrived at after hearing Major Edwin Leer of the U. S. Army recruiting service address the Escanaba Rotary club, and then reading a letter received from Cpl. J. Pete Budinger, son of Mr. and Mrs. George Budinger, Cornell Rt. 1.

Major Leer approaches recruiting from the standpoint of one's country in its hour of peril. Cpl. Budinger, who has spent five years in the U. S. Marine Corps and is now at San Diego, Calif., starting a three year hitch, believes he is safe again after the dangerously inflated cost-of-living he experienced in civilian life.

We suggest, therefore, that the recruiting service picture a large steak on its posters. Above it would be the words: "In Civilian Life—\$2.50! And below it would be the message: "In Service—Free!"

SAFE AND SOUND—Writes Cpl. Budinger: "I have arrived back in the Marine Corps safe and sound. "After being out in civilian life for three months and in the cold-weather Escanaba ever had, it seems good to be back in sunny California, even though it is San Diego and I can't go off the base because I don't yet have the dress blue uniform to wear—and I'm so broke I have to talk someone out of a stamp to mail this. The war ended some time ago, you know, so mailing letters free is out."

THOSE STEAKS—"I have to double time from place to place while I write this. But we had steak for chow today and it didn't cost me \$2.50 either. With all the other things that happened to me in civilian life, I really am glad to be back."

"I got my discharge last December at Eltoro, Calif., and was pushed off the base the same day. I went up to Los Angeles to buy some civilian clothes, and to stay for awhile."

AND THE CLOTHES—"I went into a clothing store that had just the thing for a vet.

"It was a goofy-looking striped thing and only cost \$89.95. Before I knew anything the guy had it on me and was telling me how good it looked."

"But I couldn't feel right in it. I could breathe in it, for one thing; and it didn't grip me at the arm pits, and the trousers trailed out behind me like my pack used to."

BIG MONEY—"I shook the man by the hand and told him I would come back. He said, 'You're going to be a big man now. I hope you folks up there are all okay. Some time I'll get a fur-rough, I'll tell them, adios.'"

J. Pete Budinger
Corporal U. S. M. C.

HOME FRONT BATTLE — There's a battle going on in the home front, a difficult situation.

Your problem is solved. For three years anyway.

But unless the high cost of civilian life is brought down, your old pals with their married life and their good-looking kids are going to have a tough row to hoe.

How about writing your congressman on the hazards of the home front? Your statement of the perils of the private citizen might bring results, and help reduce the high cost of living.

INTO THE PAST

By Hal Boyle

Ten Years Ago
Escanaba—Ole T. Houland, 77, of 323 North 16th street, was fatally injured last night when he was struck by a taxi cab while he was crossing Stephenson avenue. Houland was taken to St. Francis hospital where he died about 45 minutes after the accident.

Escanaba—Mr. and Mrs. Euclyde McGinnis are the parents of a son born April 6. The baby has been named Euclyde Martin. Gladstone—Paul Cornell, who has been stationed at Gay, Mich., with the U. S. Coast Guard, is spending a 10-day leave here with his grandparents, Mr. and Mrs. Z. P. Cornell. On his return he will be stationed at Plumb Island, Mich.

Munising—Mr. and Mrs. Kenneth Bakum are the parents of a daughter born April 6 at St. Francis hospital in Escanaba.

Manistiquette—Mr. and Mrs. William Rydberg are leaving today for their home in Minneapolis following several days spent here with their daughter Carol.

Twenty Years Ago
Gladstone—Clifford Goodman is returning tonight to Crawfordville, Ind., to resume studies in Wabash college following several days spent with Mr. and Mrs. August Goodman, his parents.

Gladstone—Mrs. William Maldesten, of Chicago, formerly Miss Evelyn Lillquist of this city, was taken to St. Francis hospital last night following an attack of appendicitis.

Manistiquette—Mr. and Mrs. John Malchow and daughter Helen of Menasha, Wis., former residents of this city, are visiting here with Mr. and Mrs. Earl Malchow.

Escanaba—Miss Mary McGuire who teaches school in Sault Ste. Marie, is spending the Easter vacation at her home here.

The word "isolation" means short pants for a grown-up United States.

—Henry Wallace.

spent in mess hall, on restriction standing guard, in the fields and over the hill. And I thought how I had survived the Battle of San Diego, the storming of Laguna and Santa Monica beaches, and the occupation of Oahu. Those were the good old days, with someone to come to your bed every morning to get you up."

ALL CHOKED UP—"After thinking of these things for awhile, and pleading with the recruiting officer, I got back in. "So here I am back at San Diego. I now have a pair of trousers on that are right up behind me on the parade field. The blouse has me all choked up to where I feel good. They didn't cost me \$89.95 either. And I had steak for chow. It was fine. And there was \$3.15 for waiting here to see what was going to happen next."

"Maybe I will get up enough courage to try civilian life again sometime, about three years from now. But until 1951 I'll let the Marine Corps worry about me. "I hope you folks up there are all okay. Some time I'll get a fur-rough, I'll tell them, adios."

J. Pete Budinger
Corporal U. S. M. C.

HOME FRONT BATTLE — There's a battle going on in the home front, a difficult situation.

Your problem is solved. For three years anyway.

But unless the high cost of civilian life is brought down, your old pals with their married life and their good-looking kids are going to have a tough row to hoe.

How about writing your congressman on the hazards of the home front? Your statement of the perils of the private citizen might bring results, and help reduce the high cost of living.

He wouldn't have been Shorty if he hadn't thought so.

The Washington Merry-Go-Round

BY DREW PEARSON

Washington.—John L. Lewis would have got a Falstaffian chuckle out of the big cabinet session to consider what the government should do about him. Cabinet advisers had a hard time deciding how the mine strike could be solved.

One group of advisers wanted to bargain with Lewis before slapping an injunction on him. They were: Press Secretary Charles Ross, Administrative Assistant John R. Steelman, Secretary of the Interior Krug, who tangled with Lewis last year, and Federal Conciliator Cyrus Ching, former head of the U. S. Rubber company, whom Lewis had bitterly denounced a few days before.

Attorney General Tom Clark then explained the legal aspects of the Taft-Hartley act, advising that the government could get an immediate injunction against the strikers. But, he warned, the injunction was sure to be appealed, which would result in a long, drawn-out proceeding.

"What's the country going to use for coal while this is being fought out in the courts?" he asked.

After considerable debate, Secretary Krug finally veered round to using the injunction right away.

"If we're going to crack down, and that seems to be the only solution, let's do it quick and crack down hard," argued Krug.

The interior secretary reminded Truman that the country had only 16 days' supply of coal left.

OPPOSITE ADVICE

Presidential Adviser Clark Clifford, however, contended that the "dramatic" thing to do would be to let the strike proceed for a time. While others at the secret meeting listened in amazement, the young brain-truster advised Truman that if a real crisis developed from a coal shortage, Lewis would be easier to lick in the courts.

This contribution evoked no favorable response. Clifford then added that, in his opinion, Truman couldn't "lose" in a court fight with Lewis regardless of how quick the government moved. If an injunction were granted and upheld through appeals, he argued, the president would gain prestige by putting Lewis in his place.

On the other hand, Clifford continued, if the courts ruled for Lewis, the administration could point to the "inadequacy" of the Taft-Hartley law.

At this point, the president became quite irritated.

"Oh, forget about me," he broke in. "Let's talk about what's good for the country. This is a serious matter. With coal supplies running short, we can't let this strike go on indefinitely. We'll have to do the best we can under the powers Congress has given us. However, before making any decision, I want to give further study to the report of the fact-finding board that has been studying the issues involved here."

With that, Truman abruptly adjourned the meeting.

MAKING DEMOCRACY LIVE

The American people, if given half a chance, certainly pitch in to work at the democratic principles they believe in.

Last week, this column suggested the idea of reaching people behind the iron curtain and on the edge of the iron curtain with radio broadcasts aimed to make the Russian and Italian people think about a democratic peace and friendship with the USA; also that wrist watches plus other things European people covet be offered as prizes for the best letters on how to ensure a democratic peace in Europe.

After all, the Russians upon entering Berlin bought up wrist watches by the bushel. And if we could show them what our western world produces while simultaneously getting them to think about a democratic peace and friendship with the USA, then perhaps we could dent the iron curtain.

Biggest reason for the iron curtain, of course, is to prevent the Russian people from knowing how well off the rest of the world is.

Following publication of this column, I was deluged with telegrams from patriotic Americans offering wrist watches and other things coveted in Europe, as prizes for such a radio contest in Italy—where elections are so imminent—and later elections to Russia.

Heilbros offered 100 wrist watches. So did Bulova, Ingersoll and Harman. The Muskogee, Okla., Broadcasting company wired in that they would dig up 100. The Kruger Jewelry company in Austin, Texas, and Martin Gruenborn in Seattle also volunteered, together with offers of 100 Emerson radios, 100 Wings shirts, 100 Clipper-craft suits, 100 Lee hats, 100 pairs of Endicott-Johnson shoes, and one Allis-Chalmers tractor for Italy, not Russia. (Sending a tractor to Russia would only play into the hands of the Soviet-run farms.)

Many of these people didn't even want their names mentioned. Their generosity illustrates the way the American public is anxious to pitch in and help on foreign policy today—especially when it's on a people-to-people basis.

As a result of all this, shortwave broadcasts are starting first to the Italian people. If even a fraction of them are made to think a little more about peace and democracy, it will be worth the effort.

Judges of the Italian contest will be: Justice Ferdinand Pecore of the New York supreme court, Vincent Impellitteri, president of the New York city council, and Mayor Thomas d'Alesandro of Baltimore. Further details of the contest on Italian democracy will be made public as it progresses.

There are 2796 languages spoken over the world. What a licking the weather man takes.

Many a blonde is dying to meet a man who prefers brunettes.

He wouldn't have been Shorty if he hadn't thought so.

HOME HEATING UNITS SCARCE

Many New Houses Will Not Get Fixtures

Approximately one out of every four new houses built during 1948 is going to be uninhabitable upon completion due to a lack of adequate heating equipment. This was the statement released today by George Boeddener, managing director of the National Warm Air Heating and Air Conditioning Association.

A gloomy picture for expectant new home builders, these figures are based on the results of a recent survey of manufacturers in the Warm Air Heating industry conducted for the Association by Dun & Bradstreet. The survey included reports from manufacturers of furnaces, pipe and fittings, registers, blowers, controls and filters (all components of gravity and forced warm air heating systems used in single family homes and multi-family units).

Direct causes of this situation are the current shortages in supplies of iron and steel which have forced cut-backs in the equipment production of a large number of manufacturers in the industry.

The forecast shortage of 200,000 home heating units is based on a housing completion program in 1948 comparable with that of 1947 when approximately 850,000 housing units were completed. In addition to the shortage of 200,000 furnace units, there will be a shortage of approximately ten thousand tons of prefabricated pipe and fittings, and undisclosed thousands of registers and blowers. The survey did not include the requirements of warm air heating dealers who design and fabricate pipe and fittings in their own shops. However, it is estimated that their requirements will approximate 120,000 tons of galvanized sheets for the remainder of 1948.

Although comparatively small tonnages of steel are used in the manufacture of temperature controls and filters, the existent steel shortages can also affect production of these important items.

It would appear that today's

American home builder is due to go through the same difficulties experienced by his neighbors who built homes during the war years. Then, thousands of completed housing units could not be used upon completion due to lack of warm air heating equipment as a result of cut-backs in the production of furnaces and components effected by the former War Production Board.

"Currently, a large number of manufacturers of warm air heating equipment have had their supplies of steel and iron drastically curtailed by iron producers, steel mills and warehouses", said Mr. Boeddener. "Many manufacturers have been forced to make 'gray market' purchases resulting in substantially higher costs of operation. Also, many manufacturers have been forced to drastically curtail production. One has already closed down operations entirely and others will follow unless it is possible for the industry to obtain substantially increased supplies of iron and steel at mill prices."

Caged Bear Kills Shanghai Boy, 10

Shanghai, (AP)—A caged bear killed a 10 year old Chinese boy at the Shanghai Zoological Gardens Wednesday.

A crowd looked on in horror as the bear reached through the bar of its cage and seized the lad. He was mauled and bitten so severely he died in a few minutes.

ARMY ACCEPTS SIXTEEN MEN

Six For Engineers; Six In Air Corps

Sixteen men have taken the oath of enlistment for service in the U. S. Armed Forces since March 28, it was announced today by Major Edwin C. Leer, commanding officer.

Of the men accepted for military service, six were assigned to duty with the army corps of engineers; six for air force duty; three went in the armored division and one into the European theatre of occupation. Three of the men are veterans.

Men assigned to the air forces reported to Lackland air base in San Antonio, Tex., for basic training. Men in the armored division reported to Fort Knox, Ky., as did those enlisting for duty with the corps of engineers.

Enlisting from Escanaba were Gerald F. Paterick, son of Mr. and Mrs. Joseph Paterick, for air force duty; and Kenneth J. Dawson, son of Mr. and Mrs. Frank Dawson, Escanaba, route one, for duty with the Armored force.

William J. Mercier, son of Mr. and Mrs. William Mercier, of Nahma, was enlisted for three years duty with the air force; Harry E. Smith, son of Mr. and

Mrs. Harry Smith, of Nahma, enlisted in the air force for three years; William Fodor, Bark River gas station owner, enlisted for six years in the armored force and following a refresher course at Fort Knox, Ky., will be assigned to duty as a welder, which rate he held on a previous 11-year Army enlistment.

Other Upper Michigan men accepted for military duty are Warren H. Byers, son of Mr. and Mrs. Kenneth Byers, of Sagola; Gordon Nelson, son of Mr. and Mrs. Henry Nelson, of Sagola; Raymond H. Stebbins, son of Mr. and Mrs. Ray E. Stebbins, of Kenton; Harold A. Stroud, son of Mr. and Mrs. Alfred Stroud, of Sagola; Elton L. Shepherd, Navy veteran of Iron River; O. J. Uponen, son of John Uponen, of Fibre, Mich.; Raymond P. Heuer, Army veteran of Sault Ste. Marie; Reino A. Korpi, son of Mrs. Helen Korpi, of Champion; William C. Hodge, son of Mr. and Mrs. William Hodge, of Ishpeming; Melvin Spencer, son of Mr. and Mrs. Edgar Spencer, of Pickford, and Rodney Wolfe, son of Mr. and Mrs. Marland Wolfe, of Manistique.

Byers, Nelson, Stebbins, Stroud, Heuer and Korpi enlisted in the engineering corps; Hodge, Mercier, Paterick, Smith, Uponen, and

Wolfe enlisted in the air forces; and Fodor, Spencer and Dawson in the Armored division. Elton Shepherd has been assigned to the third armored division at Fort Knox, Ky., for a refresher course, after which he will be assigned to the European theatre.

Fodor and Shepherd received the grade of sergeant when enlisting and Heuer, of Bark River, who enlisted for six years, was designated technical sergeant. Heuer has a son who is an air force sergeant at Selfridge Field.

The original city of Philadelphia in what is now Trans-Jordan was named for its conqueror, Ptolemy Philadelphus.

Blind Man Beaten, May Regain Sight

Cleveland, (AP)—Bad luck may prove good for blind Wilson S. Fort, beaten severely by thugs in a recent street robbery.

When he was examined at City Hospital, physicians concluded it was 50-50 an operation would restore sight, lost five years in an auto crash.

Fort doesn't have money for the operation but today his friends were out trying to raise a purse in a fund campaign.

Mobile was laid out by the French in 1711.

Church Services

Nahma, Mich.—St. Andrew's Catholic church, Rev. Jerome Larsen, pastor—Daily mass at 8:00. Confessions Saturday evening, April 11—masses at 6:30 and 10:30. Isabella—8:30.

Shower Party

Mrs. Arthur Tardiff was honored with a pink and blue shower given at the Albert Mercier home on Wednesday of last week. The party was arranged by Mesdames William Schafer, Al Hescott, Albert Mercier and George Miller. Cards was the main diversion of the evening after which the committee in charge served lunch. Mrs. Tardiff was presented with many lovely gifts.

Attending were: Mesdames Ed. Douville, Eugene Groleau, Nick Gemuenden, Andrew Krutina, Joe Schafer, Ed Johnson, Emanuel Tardiff, Jack Schwartz sr., Romeo Miron, William Juneau, Mike Washut, Albert Mercier, William Schafer, Al Hescott, George Miller of Nahma and Mrs. Tardiff's mother of Escanaba.

Tourist Workshop Will Be Held In Munising April 26

Munising, Mich.—All phases of the resort and tourist business will be treated at a series of "discussion - demonstration - workshops" to be held in the Upper Peninsula this month under the sponsorship of the Upper Peninsula Development Bureau and the Conservation Institute and Cooperative Extension Service of Michigan State College.

Requests for reservations already have been received for the first such "workshop", scheduled for DeGraff's Lodges at Trout Lake, April 21, 22 and 23. The others will be held in the Beach Inn at Munising, April 26 and 27 and at the Iron Inn at Iron River, April 29 and 30.

Experienced resort operators, county agricultural agents and home demonstration agents will assist extension specialists from Michigan State College in these practical programs, planned to help all who cater directly to tourists in restaurants, overnight cabins, rental cottages, camps, resorts and hotels.

Persons interested primarily in food service will join what might be called a "cooking school" which will be held in the kitchen as meals are being prepared, and will include not only methods of preparation, but all phases of food preparation and operation, from meal planning and purchasing, to the serving of food, and pricing of menus based upon costs.

Building and construction problems will be studied at nearby tourist developments from the standpoint of site selection, layout, design, construction materials, water supply, waste disposal and landscaping.

MUNISING BRIEFS

Mrs. Annette Ward, of Alpena, is visiting at the home of Mr. and Mrs. George Cooley.

The Wesleyan Service Guild of the First Methodist church met Thursday evening at the home of Mrs. Angela Delfs.

The Junior Confirmation class of the Eden Lutheran church will meet Saturday at 10:30 a. m. with the senior confirmation class meeting at 8:30 p. m.

Mrs. Mike Krueger is spending two weeks in Chicago.

Dr. Herbert Dickson, optometrist has reopened his office in the Cowell Building after spending a month visiting in the southern states.

Weather Report

Munising—Albert A. Oas, local weather observer has reported a maximum temperature of 65 degrees for the month of March. During the same period there was a low of 25 degrees below zero on the 11th. 4.15 inches of snow fell. There were 11 clear days, 13 partly cloudy days and 7 cloudy days.

First Baby Beats Stork in Vestibule

Grand Rapids, Mich. (AP)—Mrs. Gladys Hage, 33, and her infant daughter were reported in good condition at Osteopathic hospital Tuesday after being an early loser in a race with the stork.

The baby was born yesterday in the vestibule of their home as Mrs. Hage and her husband, Leonard, prepared to leave for the hospital. It is their first child.

Personal News

Mr. and Mrs. C. Arthur Anderson have returned from Grand Rapids where Mr. Anderson attended a state board meeting and hearings, held at the Partland Hotel.

Miss Ethel Mae Richer, a student of Mount Mary college, in Milwaukee, has returned to her studies after visiting here a few days with Mr. and Mrs. Walter Richer, her parents. While in Escanaba, Miss Richer attended the Senior ball at Escanaba high school.

Mr. and Mrs. Peter Houle and son, Irving, Mrs. Mary Selden and Mrs. Alfred Provencer attended the funeral services for Mrs. Walter Schirathin, held Wednesday morning at Iron Mountain.

Mr. and Mrs. P. A. Peterson,

who spent the winter months in the southern states, have returned to their home in Rapid River. Mr. and Mrs. Peterson, who left here January 10, went directly to Florida, where they remained until March 8. They then spent some time in New Orleans, Dallas, Tex., Mobile, Ala., and Hot Springs, Ark. Returning north, they visited with Mr. and Mrs. Vincent Bergman in St. Louis, with Mr. Peterson's relatives in Peoria, Ill., and with their son-in-law and daughter in Glen Ellyn, Ill.

Mrs. Arthur Pearson, Mrs. Henry Grenier and Mr. and Mrs. Joseph N. Lequia have returned from Detroit where they visited the first part of the week with relatives and friends.

Miss Mary A. Ehnerd has returned from a month's vacation in Coral Gables, Florida.

Mr. and Mrs. George E. Johnson, of Chicago, and Mrs. Elsie Olson, of Seattle, Wash., who recently was in Escanaba and had

gone from here to Chicago, are arriving tonight, called by the death of their brother, Elmer C. Johnson, of 919 Sheridan Road.

George Lieung is a patient in St. Francis hospital for medical treatment.

Mrs. Roger Smith, of Manistiquette, is visiting here with her sister, Mrs. Donald Ness.

Mark Arcen of Rockland, Mich., who has visited friends here for a few days, left today for Menominee and Chicago where he will visit several days.

Mrs. Dorothea Garber left yesterday for Green Bay to visit a few days.

Mrs. Orville Frechette, of Bark River, is here for a few days with her daughter, Mrs. Frank Hirm, and with Mr. and Mrs. Whitney Dixon.

Robert Hartline has arrived from Akron, Ohio, and is visiting Mr. and Mrs. Adolph Paul. Mr. Hartline will later establish his home here.

Mrs. Runar Norman left this morning for Green Bay to receive medical examination in the clinic.

Vern Estergren, who spent several days here on business for the Trans-Canada Airways, left this morning for Chicago.

Mrs. Dan Garrett and daughter Susan, who for the past week visited here with Capt. and Mrs. Dan Garrett, left today for their home in Monroe, Wis.

Mrs. James VanEffen left today for Marinette where she will visit friends over the weekend.

Mrs. Charles Harrison, of Cornell, who has been receiving medical treatment in Milwaukee, left this morning to return to Milwaukee for a check-up. While in Milwaukee, Mrs. Harrison will be

the guest of her son, Frank Harrison.

Mrs. Harold Norris left this morning for Woodstock, Ill., to visit over the weekend with her husband, who is employed there.

Mr. and Mrs. Andrew Gayan left this morning for Kenosha, Milwaukee and Chicago, to visit friends for a week. While in Milwaukee, Mr. Gayan will receive medical treatment.

Mrs. Leonard Chaulklin, Old State Road, left today for a two-week visit in Peoria, Ill. She was accompanied to Milwaukee by Mr. Chaulklin, who will return here in a few days.

Ralph Drage left today for Dearborn, Mich., to receive medical treatment in the veterans' hospital.

Mr. and Mrs. C. E. Wood and Mrs. Joseph Perron, of Escanaba, and Mr. and Mrs. Albert Juneau, Mrs. Leslie Viitala and Mrs. Warren Reimer, of Rock, returned last night from Ishpeming where they attended the funeral services for their cousin, Mrs. Lillian Jarvinen, held Wednesday morning at St. Joseph's church. Evelyn and Donald Jarvinen accompanied them on their return to spend the weekend visiting here at the Wood and Perron homes.

Methodist church Sunday evening April 11, 7:30 p. m. Rev. Lutey.

Home Makers' Meeting
The Merry Home Makers met Tuesday evening at the Community building. Leader Patty Johnson presented the lesson "Finishes for Cottons."
Many pointers on sewing was explained and in particular the making of belts and covering of belt buckles. Most of the members learned to cover the buckles

and made sample belts.
Lamp shades were discussed and those desiring to make shades have the opportunity of ordering the material.
At the close of the evening pot luck lunch was served.
Members present were Patty Johnson, Jean Lastila, Ida Tovey, Betty Martin, Katherine Shay, Edna Skarritt, Blanch Orlich, Marguerite Christie, Myrtle Mortensen, Audie McDougall and Lillian Caffey.

Bake Sale and Card Party
A bake sale and card party will be held at the Community building Saturday afternoon April 10. Sale will begin at 2 p. m. followed by a card party. Prizes will be given. This party is sponsored by the Community Club. The public

is invited.
Albert Boyd left Sunday for Bay City where he will be employed. He was accompanied by Mrs. Boyd and daughter, Rita Mae.
Thurman Skarritt returned home Sunday from Ann Arbor where he spent a few days visiting his mother, Mrs. Ann Skarritt, who is a surgical patient at the University Hospital.
Irene Lawrence returned to Sault Ste. Marie Sunday where she attends Loretto Academy after spending the Easter holidays at her home here.
Mrs. Ernest Johnson and daughters Judy and Mary Margaret of Munising called on relatives and friends here Sunday.

LAKE SUPERIOR ORE IS LOADED

Escanaba Only Port Used During First Week

Cleveland, (P)—The Pittsburgh Steamship Co. said its ore carrier Sewell Avery cleared Two Harbors, Minn., Tuesday with 13,500 gross tons of iron ore—the first 1948 cargo from the Lake Superior ore docks.
The company said all but two or three of its fleet of 62 vessels—largest fleet on the Great Lakes—would be operating by Thursday. The shipping firm, a U. S. Steel subsidiary, loaded its first ore cargo on April 25 last year and April 14 in 1946.
Coincident with the announcement came the first weekly report of the Lake Superior Iron Ore association here that 62,792 gross tons of ore had been shipped from Escanaba, Mich., during the week ended yesterday, compared with 24,863 tons from that port on April 6 last year.

More than 35 steamers already have cleared the Soo Locks on up-bound voyages, and the Charles M. Schwab of the Interlake Fleet, which Sunday was the first ship to pass through the locks this season, reached Superior, Wis., to load 12,000 tons of ore.

Rep. Bennett Pushes Bill For Keweenaw U. S. Fish Hatchery

Washington, April 7 (P)—Two bills affecting the natural resources of upper Michigan were introduced in the House Tuesday by Rep. Bennett (R-Mich.).

One would authorize construction of a \$100,000 federal fish hatchery on the Keweenaw peninsula, with the U. S. Fish and Wildlife Service to decide whether to place it in Keweenaw or Houghton county.

The other bill would transfer part of the Ottawa National Forest to the State of Michigan without cost for inclusion in the Porcupine Mountain State Park in Ontonagon county. Value of the forest area in question has been estimated at \$200,000. Senator Ferguson (R-Mich.) has introduced an identical bill in the Senate.

Blodgett Hospital Narcotics Stolen Out of Wall Safe

Grand Rapids, Mich., (P)—Although the narcotics safe at Blodgett hospital had been welded to the wall after a robbery in 1946, thieves Wednesday cracked the same safe and escaped with several thousand grains of narcotics.
Exact determination of the amount of drugs stolen awaited a detailed investigation by local police and treasury agents, but Ronald D. Yaw, hospital superintendent, said the known loss included nearly 10,000 tablets of four different narcotics.
The burglars gained entrance to the hospital pharmacy through a window and then pried open the safe door.

Masonville

Arthur Lausen left this morning for Toledo, Ohio, where he will be stationed aboard a Great Lakes steamer for the navigation season.

Program On Art, Exhibit and Tea At Club Meeting

An art exhibit of paintings by members of the adult education class, high school students and other individuals, an interesting and instructive talk by Mrs. Victor H. Powers, and a tea were included in the enjoyable meeting of the Escanaba Women's club held yesterday afternoon at the Shegman Hotel.

The exhibit remained open until 8:30 o'clock last evening for those unable to attend during the afternoon hours.

Mrs. Powers, instructor of the adult education class in art, who was introduced by Mrs. Willis J. Anthony, chairman of the afternoon session, spoke on "Design Symbolism."

She opened her talk by pointing out that she wanted to help her audience understand and enjoy pictures, rather than theorize. She said, however, that the art of any period often has been a sort of forerunner of the age coming on. At this time, she pointed out, there is a great deal of feeling of confusion and chaos. History shows that in former times, during periods of revolutions and upheaval, there usually was some sort of parallel in art.

Labyrinthine form was given as one example and monster form, distorted and ugly, as another.

Quoted Alan Durrst "It really is a turning away from the old and tried to something new and untried." Mrs. Powers said, "Principles do not change. It is the form that changes."

Quoting from Alan Durrst, English artist and wood carver, Mrs. Powers said:

"The artist tries to interpret life in terms of order: to hold some one aspect of the ever changing and bewildering vision around him in permanent design: to discover a resting place for the mind. The search for order is ultimately the search for truth."

"From the very beginning down through all the ages, human society has found practical uses to which the work of the artist could be put to the incalculable enrichment of the whole world and the vital interest of the artist himself. But since the industrial revolution of the last century conditions have changed and the artist no longer functions naturally and inevitably as a working part of the social order."

"It is probable that the neglect of the wise employment of art on an extensive scale throughout the world has a direct bearing upon the present state of international unrest. The sense of values in the world today is chaotic and many artists are driven, through economic conditions, to reflect in their work the very distraction which they should be setting at rest. The need for appreciation, not merely of art, but of the sanity which all genuine art expresses can seldom, if ever, have been greater."

Artists Exhibiting
Mrs. Powers explained the following design symbols: horizontal lines, symbolizing rest, quiet, peace and repose; vertical, giving a feeling of reaching up, aspiring; pyramidal, impressive, enduring and majestic; diagonal, creating an illusion of excitement, disturbance and unrest; and curves, resulting in grace and beauty.

Exhibiting work in the art show were Edythe Bell, Marjorie Anthony, Mabel Oslund, Mary Lou Ryan, Carol Bennett, Esther Palmer, Margaret Norton, Signe Aasve, Flora LaRoche, Signa Carlson, Carol Novack and Alice Powers, of the adult education class, and Mrs. T. M. Cassidy, Mrs. Stack Smith, Mrs. Harry Brackett, Mrs. Joseph Lyons, Mrs. Robert Deo, Mrs. Helen Cloutier, Clarice McKeever, Clarence Moreau and Laura Brown.

The tea, proceeds of which were donated to the cancer fund, was in charge of Mmes. E. G. Bennett, James Deegan, William Shepeck, Merritt Kasson K. F. Harrington, Anna Kraus and W. J. Anthony.

A fingerling is a small fish.

Mrs. Klug Named Wells President For Coming Year

Mrs. Lawrence Klug was elected president of the Wells Parent-Teacher association at the annual business meeting held last night at the school. Mrs. Marbey Judd is vice president for the coming year; Carlton Johnson, secretary; Mrs. Walter Casey, treasurer; and Signe Thinglum, publicity chairman.

Retiring officers are Louise Dufour, president during the past year, Alfred Potvin, who served as vice president, and Mrs. Melvin Jacobsen, historian.

Games were played during the social hour. Mmes. Marbey Judd, Ernest Boes, John Ferrari, Louis Dufour, Laura Hoes and Lawrence Klug receiving the awards, and lunch was served.

Members of the program and lunch committee were Mmes. William Casey, John Pearson, Steve Rabideau and Charles Longline, assisted by Mrs. Nels Distro, Mrs. Ed Wigand and Mrs. Joseph Blanchette.

St. Joseph's Has Annual Prom In School Friday

Over 75 couples are expected to attend the annual junior prom at St. Joseph high school in Escanaba Friday night. The event is one of the most anticipated in the school year.

"Serenade of the Bells" has been chosen as the theme for decorations, and Ivan Kobasic will play. A popular senior girl will be selected as queen for the night. The prom queen will be crowned by the junior class president, Louise LeBlanc.

Father Alphonse, Father Varin and Father Patrick will be guests of honor. Chaperones are Mr. and Mrs. Fred Boddy, Mr. and Mrs. Clarence Needham, Mr. and Mrs. Francis Farrell and Mr. and Mrs. Marcel Guiechon.

High school students of St. Joseph's and alumni are invited.

Births

Mr. and Mrs. J. J. Rich, 922 Ludington street, are the parents of a son, born Monday, April 5, in St. Francis hospital. The baby is named John James. Mrs. Rich is the former Miss Polly Hadcock.

A son, John Paul, was born at St. Francis hospital, Wednesday, April 7, at 8 a. m., to Mr. and Mrs. John M. Gorenchan, 801 Stephenson avenue. The baby, who weighed seven and one-half pounds, is the second in the family, the Gorenchans' first child, a daughter, Catherine. Mrs. Gorenchan is the former Irene Wiltz of Escanaba.

Sponge fishing is frequently mentioned in ancient Greek literature.

Virginia Hoyer Bride, Wedding In New York City

In a service in the Church of Notre Dame rectory in New York City, on Saturday, April 3, Helen Virginia Hoyer, daughter of Mr. and Mrs. Frederick R. Hoyer of this city, exchanged vows with George William Rusch. The bridegroom is a son of Mr. and Mrs. George J. Rusch of 1578 Nott street, Schenectady.

Joan Swallow of New York City, a sorority sister of the bride at the University of Michigan, was maid of honor, and Lawrence Rusch served as his brother's best man.

The bride wore a pale blue wool dressmaker suit with a Hattie Carnegie original of pink Swiss straw and veiling, and matching accessories. Her bouquet, centered with a corsage of white butterfly orchids, which she pinned to her shoulder when she left on her wedding trip, was formed of white stephanotis, blue delphinium and pink Finch roses. Joan's suit was a navy blue dressmaker, with which she wore a hat of natural straw and matching accessories. A corsage of pink roses centered her bouquet of white daisies and blue cornflowers.

Luncheon at Waldorf

Mrs. Hoyer wore a beige suit with beige accessories and accents of royal blue and a corsage of tan Cymbidium orchids, and Mrs. Rusch wore gray with navy and pink accessories and a corsage of pink butterfly orchids.

The one o'clock service was followed by a luncheon in the Carpenter Suite of the Waldorf-Astoria. The large oval table at which the twenty-six guests were seated, was centered with a low oval arrangement of all white tulips, delphinium, roses and iris, outlined with delicate fernery. Placed diagonally to complete the centerpiece were candelabra, holding white tapers, and single tail tapers of the same height in silver holders. The place cards, designed by the bride's mother, carried out the flower theme with a touch of silver.

Home in Schenectady

The newlyweds, following a honeymoon in Philadelphia and Washington, D. C., will be at home at 787 State street in Schenectady.

The bride, who has been in the personnel department of the United States Life Insurance company, is a graduate of the University of Michigan and is a member of Delta Delta Delta and Alpha Lambda Delta sororities. Her husband is a graduate of Christian Brothers' Academy, Albany, and Dartmouth college, where he was a member of Sigma Chi and Dragon society. He served as a Second Lieutenant in the United States Marine Corps for two years and now is employed by the New York Telephone company.

Bark River Club Meeting April 12

The Bark River Home Economics club will meet Monday evening, April 12, at 8:15 o'clock at the home of Mrs. Norman Niquette. Every member is urged to attend. The lesson will be on "Good Grooming" and each one is asked to have two small bottles and one small cream jar.

Church Events

St. Stephen's Auxiliary
A meeting of St. Stephen's Woman's Auxiliary will be held Friday at 2:30 p. m., at the Guild hall of the church.

Stonington Service
Rev. L. R. Lund will hold English worship services at Trinity Lutheran church in Stonington Sunday afternoon at 2:30 o'clock. The pastor will deliver the sermon and there will be special music by the Young People's Chorus. After the services, lunch will be served by the Ladies' Aid. The confirmation class will meet for instruction after the service.

pany.
Mr. and Mrs. Hoyer, the bride's parents, attended the wedding.

Social - Club

The Evening Star society is holding a regular meeting at 7:30 tomorrow night in the North Star hall. A grocery party will be held after the meeting. The public is invited. All members are asked to bring something for the party.

Belanger-Needham
Ethel Mary Belanger, daughter of Mrs. Pearl Belanger, 1221 Eleventh avenue south, and William J. Needham, son of Mr. and Mrs. Harry W. Needham, were united in marriage at a ceremony Wednesday morning at 9 o'clock at St. Patrick's church. The vows were spoken before Father Howard Drolet.

Roses, lilies and snapdragons were arranged on the altars with the lighted candles for the service. Miss Alice Cosette played the bridal marches and "Ave Maria" was the offertory solo.

The couple was attended by Mary Jane Burnell and Thomas Pelier.

The bride wore an aqua ballerina suit with brown accessories and a corsage of pink and white carnations and rosebuds. Her maid of honor wore a pale green suit with brown accessories and a corsage of yellow daffodils.

Mrs. Belanger wore a brown suit with brown accessories and a corsage of pink flowers and the

bridegroom's mother wore a light beige suit with matching accessories and a corsage of lavender flowers.

A reception for 75 guests was held at the Needham home, at 300 South 17th street, the tiered wedding cake and spring flowers centering the appointments.

The newlyweds, following a wedding trip to Chicago, will live in Danforth.

Guests at the wedding included Mrs. Clara Papin, of Iron River, Mrs. E. Needham, Milwaukee, Mrs. Rose Tebo of Manistique, Mrs. Homer Beauchamp of Nahma and Mrs. Sid Andrews, of Powers.

Mattson-Whitney

In a ceremony which took place Saturday afternoon, March 27, at 4 o'clock, in the Second Presbyterian church of Duluth, Minn., Victoria Mattson, daughter of Carl Mattson, of Gladstone, Route One, became the bride of Tom Whitney, son of Mr. and Mrs. Clyde Whitney, of Duluth. Rev. Linholm, pastor, read the service.

Mrs. Berton Westman, sister of the bridegroom and Norman Swanson, brother-in-law of the bride, were the attendants.

The bride wore a dressmaker suit of teal green, styled with full sleeves and a flared peplum, and black accessories. Her flowers were a corsage of red roses. Mrs. Westman wore a salmon pink suit with brown accessories and a corsage of carnations and roses.

The mother of the bridegroom wore a black ensemble and a gardenia corsage.

A reception was held at the home of Mr. and Mrs. Richard Kucinski, brother-in-law and sister of the bridegroom. A tiered

wedding cake, topped by a tiny bride and groom, was the centerpiece. The couple will live in Duluth at 2608 West Third street. The bride, a graduate of Escanaba high school, class of 1946, is employed by the Marshall Wells company. Her husband, who served in the navy in World War II, is with the Benson Optical company.

Guests at the wedding were Carl Mattson, of Soo Hill, Mr. and Mrs. Norman Swanson of Groos, Mr. and Mrs. Marvin Anderson, of

Escanaba; Mr. and Mrs. Berton Westman of Minneapolis; and Mr. and Mrs. James Whitney of Superior, Wis.

Rebekah Meeting Friday
Phoebe Rebekah lodge will hold a regular meeting Friday evening at 8 o'clock, at the I. O. O. F. hall. A social hour will follow the business session, with Mrs. Augusta Paeske, Mrs. Margaret Baird and Mrs. Marie Fredrickson, hostesses. All members are urged to attend.

Procter & Gamble's Amazing New

DISCOVERY

made to do your whole family wash

IT'S TIDE

—you've never used anything like it!

Here is a completely NEW washing product—a result of war-time research—made especially to do your whole family wash. Get set for a miracle the first time you wash with Tide—for Tide does what's never been done before—washes clothes cleaner than any soap, yet leaves colors brighter! And get set for a surprise when you first see Tide's wonder suds! They look different, feel different . . . they billow up thick and fast even in hardest water!

ONLY Tide DOES ALL FOUR!

1. Washes clothes CLEANER!

Yes, cleaner than any soap made! Dump in the greasy overalls, the grimy play clothes . . . watch Tide's amazing suds go to work! Tide not only leaves clothes free from ordinary dirt, but actually removes dingy soap film as well! Try Tide next washday!

2. Gets clothes dazzling white—they're CLEANER!

Wait till you see the dazzling whiteness Tide gives white clothes! And sheets, shirts, pillowcases keep their gleaming whiteness, week after week! Tide never turns them yellow.

3. Actually brightens colors—they're CLEANER!

Wait till you see your colored clothes come out with that spanking clean, shining bright Tide-washed look! Tide actually brightens your gay print dresses! Does it safely too! Yes, Tide is safe for all your bright washable colors! It's amazing!

A Hymozol Product

4. Gives more suds—prove it in your dishpan!

Kind-to-hands suds! Faster suds! Longer-lasting suds than any soap in hardest water! Tide cuts grease like magic . . . washes dishes cleaner than any soap! No scum in the water! No cloudy film! That's why dishes and glasses rinse and dry so sparkling clear—even without wiping!

GUARANTEE

Procter & Gamble guarantees that Tide will do everything claimed for it in this advertisement. If you are not completely satisfied, return the unused portion of your package to dealer, and the purchase price will be refunded.

TIDE'S IN—DIRT'S OUT!

TIDE WORKS EXTRA MIRACLES IN HARD WATER! OCEANS OF SUDS! NO WATER SOFTENERS NEEDED!

RAILROAD MEN DISCUSS FIRES

Meet Federal And State Forest Fire Fighters

Seeking ways to cut down the number of railroad-caused forest fires in the Upper Peninsula, representatives of six railroads and federal and state forest fire officers met today at district conservation headquarters in Escanaba for a conference on the subject.

The number of forest fires caused by railroads has increased within the past couple of years because of the poorer grades of coal obtainable to all of the roads. Increased efforts toward patrolling railroad rights of way after trains and other methods of fire control along railroad lines was suggested as possible ways of reducing the hazard.

The conference started this morning, and continued this afternoon, with reports being heard from railroad officials and of the state and federal forest fire control agencies.

Attending the conference were the following persons:

Chicago & North Western railroad—W. Matzke, Chicago, assistant chief mechanical officer; John Powers, Chicago, chief boiler inspector; W. H. Kelly, Chicago, assistant general claims department; H. H. Thomas, Green Bay, master mechanic; C. C. Robinson, Escanaba, general foreman, mechanical department; G. M. Anderson, Escanaba, road foreman; B. G. Packard, Escanaba, division engineer; H. L. Holderman, Escanaba, supervisor of the plant; R. F. Burns, Green Bay, district claim agent; J. B. Bilek, Chicago, fuel buyer; T. M. Cassidy, Escanaba, superintendent; B. M. Whitehouse, Chicago, chief fire inspector.

E&LS railroad—George W. Brown, Wells, general manager.

Soo Line railroad—A. C. Peterson, Gladstone, division superintendent; W. M. Olds, Gladstone, trainmaster; W. C. Johnson, Gladstone, claim agent; Wm. Marquette, Gladstone, roadmaster; B. P. Prusak, Gladstone, division engineer.

Chicago, Milwaukee and St. Paul railroad—F. T. Buckler, Green Bay, superintendent; S. Erickson, Green Bay, traveling engineer.

Lake Superior and Ishpeming railroad—W. H. Schultz, Marquette, superintendent of motive power; L. C. Smith, Marquette, general freight and passenger agent.

D. S. S. & A. Railroad—S. P. Berg, Marquette, division engineer; C. E. Johnson, Marquette, roadmaster; R. J. Barry, Marquette, chief clerk.

U. S. Forest Service—Victor J. Dayharsh, Ironwood, forest supervisor of Ottawa forest; L. C. Hermet, Ironwood, assistant supervisor of Ottawa forest; G. A. Young, Escanaba, assistant forest supervisor; A. O. Schafer, fire assistant; J. M. Walley, Milwaukee, chief of fire control, region nine.

Conservation department—Milton M. Bergman, Lansing, assistant chief in charge of forest fire prevention; Peter Young, Grand Rapids, supervisor of oil hazard reduction; Del F. Weir, Lansing, chief of forest fire prevention; Bernard A. Stenbansky, Marquette, regional supervisor of field administration division.

John M. Aneullm, Marquette, forest fire technician; C. W. Loney, Baraga, Claude Smith, Crystal Falls; John Christie, Escanaba; F. P. Furlong, Newberry, district supervisors; E. W. Libby, Marquette, assistant supervisor (U. P.) railroad forest fire prevention; William T. LeMieux, Jackson, assistant supervisor (I.P.) railroad fire prevention.

State Highway Department—Tom McMeekin, district forester, Manistique & Lake Superior railroad—George Stephens, superintendent; and L. R. Thornton, general foreman, both of Manistique.

STATE POLICE SECRET SQUAD IS APPROVED

(Continued from Page One)

grant mandated by the sales tax diversion amendment.

This move would be a technical violation of the diversion amendment but school interests were reported willing to accept the change.

The Senate received a bill, backed by Sigler, to permit 11 home rule cities to escape the 15-mill tax limitation. The measure declared that cities had no authority to cut into the taxing power of counties and school districts. Under it, counties and school districts would be allowed to raise their 15 mills and the cities would raise another levy of up to 10 mills unless that limit is raised by a charter amendment.

Waitress Rout 75 Noisy Coal Pickets

Jane Lew, W. Va., April 8 (AP)—A five-foot, 110-pound waitress drove more than 75 roving coal pickets from a tavern here, with the aid of a .38 calibre revolver.

R. E. Burley, manager of the tavern, said from 75 to 100 miners entered the establishment during his absence while Betty Rogers was in charge. The girl considered them "too noisy," refused to serve them, and ordered them to leave.

They refused, even when she went to the back room and reappeared with a revolver. But when she cocked it, they roared elsewhere.

Sharon Carmody Dies Suddenly

Sharon Lee Carmody, two-month-old daughter of Mr. and Mrs. Thomas Carmody, 1323 Stephenson avenue, died suddenly at 6 a. m. this morning, at home. Sharon is survived by her parents.

The body will lie in state at Alto Funeral home at 11 a. m. Friday and funeral services will be conducted at 2 p. m. Friday in Alto Funeral chapel with Rev. Fr. Alphonse officiating. Burial will be in Holy Cross cemetery.

Martin Bound Over To Circuit Court

George Martin was bound over to circuit court on a charge of negligent homicide Wednesday afternoon after he waived examination in justice court. Bond of \$2,000, previously set, was continued. The bond was unfurnished and Martin was returned to the county jail.

He is charged with negligent homicide in connection with the death of Mike Kenovich. Charges of leaving the scene of an accident and drunk driving also have been placed against Martin.

A hearing was scheduled in the case Wednesday but was cancelled by agreement of the prosecuting attorney and the defendant.

Daughter of Former Escanaba Resident Succumbs At Birth

Joan Lorraine Cassidy, daughter of Mr. and Mrs. James Cassidy, 4352 North Leavitt street, Chicago, died at birth Sunday in St. Ann's hospital, Chicago, it was reported here today. Mrs. Cassidy is the former Miss Lorraine Fallmer, of Escanaba, and the daughter of Mrs. Anna Fallmer, of Groes.

Also surviving are the paternal grandparents, Mr. and Mrs. Louis Tavlick, of Chicago.

Coach Sutherland Found Dazed, Taken To Cairo Hospital

Cairo, Ill., April 8 (AP)—A man who identified himself as Jack Sutherland, professional football coach, was being treated in a hospital today after being found in a dazed condition in his parked automobile.

The patient identified himself to George Curry of the Cairo Evening Citizen, only newspaperman admitted to the hospital. Curry, reporting the man spoke incoherently and rambled during an interview, said he asked "You are Jack Sutherland, aren't you?"

"Oh, yes," Curry said he replied. "When did you leave Pittsburgh?" Curry asked.

"I think it was in September—oh, about two weeks ago."

Officials at St. Mary's hospital reported the patient carried an automobile driver's license issued to John B. Sutherland of Pittsburgh, Pa. Jack Sutherland, 59, is coach of the Pittsburgh Steelers of the National Professional League.

The man was found walking in a field at Bandana, Ky., yesterday, Ballard County Jailor R. F. Crice reported. Crice said he appeared to be in a "dazed" condition as if he might be suffering from loss of memory.

Mac Arthur Loses Face in Japan By Election Showing

Tokyo, April 8 (AP)—Japanese appeared surprised today that General MacArthur ran second in the Wisconsin presidential primary. They conceded that the supreme Allied commander had lost face in Japan.

"His reputation in the United States does not correspond with his reputation here," said one Japanese editor. However, Nipponese newspapers have not yet commented editorially.

There still was no comment from MacArthur regarding the Wisconsin balloting. He has said nothing about the presidential campaign since his announcement of availability.

The general's self-appointed Japanese campaign drum beater—Poet-Contractor Toshiyo Oda—seemed undaunted.

"The idea that they need MacArthur soon will seep through to Americans," said Oda. He added that he would try to go to the United States himself to plead the general's cause.

Coal Digger Slays Wife and Attorney, Then Kills Himself

Fairmont, W. Va., April 8 (AP)—Ernie Lee Yost, 45-year-old coal miner who rigged an apparatus to burn down his home before killing his wife and her attorney, died today of a self-inflicted bullet wound.

Coroner D. E. Kidd said Yost fired into his own head after fatally shooting Mrs. Nellie Marie Yost and Attorney Tucker Morosse yesterday.

The shooting occurred in the lawyer's office during a conference on a divorce suit filed by Mrs. Yost.

Police Chief John Austin said that before leaving for the conference Yost arranged to burn his home.

A chance visit to the House by Yost's daughter disclosed two alarm clocks arranged to cause a short circuit and ignite oil-soaked refuse in the basement.

GOVERNOR AND KEYES REOPEN THE OLD FEUD

(Continued from Page One)

Two attempts to lift it to the floor by voice for debate later were defeated 14-0 and 16-0. Then on a record vote, the administration won, 21-3, one short of enough votes to pass it.

Sigler's floor leaders insisted they could find sufficient votes when the time came, and opponents of the measure admitted the vote would be close.

Senator R. J. Hamilton (R-Battle Creek) declared "some would make a cleavage between the legislature and the governor, and between the Senate and its president (Keyes). I hate to see the first two resolutions of the governor's program not come up even for discussion."

DEATH BLAMED ON SUFFOCATION

Midland Sportswoman, Perishes In Car Fire

Clare, Mich., April 8 (AP)—State police investigating the death of Mrs. Mary Moyle studied a preliminary autopsy report today that the 29-year-old sportswoman apparently died of suffocation in her flaming car.

Dr. Lemoyne Snyder, state police medical expert, said the preliminary autopsy would be followed by laboratory tests in East Lansing of the woman's vital organs.

Mrs. Moyle, wife of a Midland, Mich., mechanical engineer, died early Wednesday morning in an automobile parked near the couple's year-round cabin northeast of here.

Her husband, Clarence, and her sister, Miss Sally Ford, about 23, told police they discovered the car ablaze about 2 a. m. and pulled Mrs. Moyle's charred body from it.

Snyder said an autopsy showed no cause of death except suffocation resulting from the fire.

Mrs. Moyle, 1947 women's golf champion of Midland, returned with her husband and Miss Ford to the residence about midnight, Moyle told police.

At about 1 a. m., Mrs. Moyle left the cabin, he said, to get some fresh air.

An hour later the flames were discovered in the car.

Prosecutor Harold Hughes said Mrs. Moyle was reported to suffer frequent attacks of asthma and that she often went outdoors at night to aid her breathing.

She apparently lit a cigarette and fell asleep in the car, he said. Mrs. Moyle's body is being sent to Green Bay, Wis., for burial.

Virginian Is Named CAA Administrator To Succeed Wright

Washington, April 8 (AP)—President Truman today nominated Delos Wilson Rentzel of Virginia to head the Civil Aeronautics Administration.

He succeeds Theodore P. Wright, who resigned as CAA administrator.

Rentzel has been chairman of the board and president of Aeronautical Radio, Inc., president and chairman of the board of Aero Radio of Mexico and chairman of the Radio Technical Commission for aeronautics.

He is 39, a native of Houston, Tex., and a graduate of Texas A. and M. college.

First Loaded Ship Clears Soo Locks

Sault Ste. Marie (AP)—The carrier Grand Island, owned by the Cleveland Cliffs Iron Co., became the first eastbound ship to clear the locks here Wednesday, passing through at 10 a. m. with 8,000 pounds of iron ore. The carrier was bound for Cleveland.

Boy Scouts Will Collect Paper Next Saturday

Members of the Rotary sponsored Boy Scout Troop 461 will stage a waste paper drive next Saturday and will make a house to house pickup of newspapers, old magazines and other accumulations of paper that the average householder is anxious to be rid of, Ben Karwoski, Scoutmaster, announces.

Those having paper to donate are asked to put them in a box or tied up in a bundle and leave them on the front porch. A truck will call in the course of the day and Boy Scouts will gather the paper.

Collection will be made on the East Side from nine o'clock until noon and in the west side from one o'clock on.

This effort serves a double purpose, the Scoutmaster explains. The Scouts will do their daily good deed in helping people get rid of papers that have been accumulating and cluttering up needed space in the home. It will also help the boys replenish the troop's depleted treasury as the paper will be sold.

The use of the truck, which will be driven by Peter Tatro, will be provided by the Lindbergh Farm Supply.

Tourists Rush Camp Season At Indian Lake Park

The tourist season at Indian Lake State Park appears to be a bit rushed this year, according to L. G. England, park manager.

Four young men from Grand Rapids arrived at the park Sunday and asked permission to put up their army tent there for a two weeks stay. The park manager gave them permission to set up camp, but informed them that they would have to put up with a number of inconveniences that are not the lot of summer tourists.

The regular camp ground could not be reached because of snow which is still in deep drifts. At the spot where they would be forced to camp there are no places to plug in for electricity and water has to be hauled a considerable distance. Undaunted, the men set up their tent between two snow banks not far from the highway. They are cooking on a small gasoline stove, carry water in a milk can and are sleeping on straw ticks. A small gas heater keeps them comfortable.

They are really very comfortable, said Mr. England states. The men are David Anderson, Edward Johnson, Edward and Joe Belka.

Junior High Students to Have Leap Year Party

The Junior high school students will hold a leap year party on Friday night from 7:00 to 10:00.

There will be games played, refreshments and dancing will follow. The students will swing and sway to their own record player.

Invitations have been given to all students.

Committees for the party are as follows: Games, Peter Peterson, chairman, Dick McKenzie and Jim Monroe.

Refreshments, Karen Jewitt, chairman, Roberta Nelson, and Elizabeth Nylander.

Dancing, Marlene Smith, chairman, Kathryn Greene and Mary Ann Olesak.

Clean-up, Bill Tufnell, Les Hewitt, and Bill Norden.

Mrs. Plichta and Mr. Kawoski will help sponsor the party.

CHURCH CLUBS TO CONVE

Superior Presbyterian
Sessions April 20-21

The Women's Presbyterian Society of Lake Superior Presbyterian will convene for its twenty-ninth meeting at the Church of the Redeemer, Presbyterian, on Tuesday and Wednesday, April 20 and 21, the sessions beginning with a luncheon on Tuesday.

Ann Olesak, Bill Tufnell, Les Hewitt, and Bill Norden.

Mrs. Plichta and Mr. Kawoski will help sponsor the party.

Miss Jane Moody, of Menaul School, Albuquerque, New Mexico, will be the missionary speaker at this meeting. Menaul school is a Presbyterian mission high school for about 150 boys and girls of Spanish-speaking families of New Mexico. Miss Moody has had ten years' experience in working among young people with this kind of background and she is well prepared to discuss a part of American life that is unfamiliar to most people.

Miss Jane Moody, of Menaul School, Albuquerque, New Mexico, is as advisor to the Girl Scouts.

PUBLIC HEALTH
NURSE ARRIVESMrs. Esther Klasar Is
Assigned Here

Schoolcraft county again has the services of a public health nurse.

Mrs. Esther Klasar of Grand Marais has assumed charge of the local office and plans to move to Manistique as soon as living quarters can be secured.

Mrs. Klasar is a graduate of Mercy Hospital, Detroit, and for several years was on the staff of the Saginaw City Health Department. She received her public health training at the University of Michigan.

The county has been without the services of a public health nurse since Miss Hazel Strom resigned about two years ago to take up physical therapy work. She is now following that vocation in Port Huron.

HIGHWAY M-94
TO GET GRAVELBad Stretches Getting
Special Treatment

Improvement of Highway M-94 is now in progress, according to a report from the county highway department.

L. I. Whitehead Construction Company of Sault Ste. Marie, is applying maintenance gravel on spots most needed. Getting special attention are three miles in the vicinity of Tie Hill, a stretch traversing Fletcher swamp and a four mile stretch south of Fox's resort.

Another contractor is graveling the newly constructed stretch of road from the top of Scaffold Hill

and north two miles. Up to this time motorists have had to detour at this point and the going has been bad. This part of the road should be in good shape in a few weeks time it is claimed.

Muskrats are important fur animals in hot Louisiana and frigid Alaska.

Cloverland, Independents Meet In Feature Game Of City Cage Tournament Semifinals Tonight

The annual city basketball tournament swings into semifinal action at the Escanaba junior high school gym tonight with the favorite, Mike's Bar, clashing with the Henschelbergers in the opener at 7 o'clock.

Mike's moved into the semifinals with a convincing 63-27 triumph over City Drugs. Henschelbergers drew a first-round bye.

Cloverland college tangles with the Independents in the feature contest at 8. Both of these aggregations came through handsomely in first round affairs. Cloverland stepping past the Liberty Clowns, 53-35, and the Independents ousting State Bank, 40-22.

Don Scott set the pace for Mike's with 15 counters. Charley Camps, of Nahma Yankee base ball tryout fame, led the Cloverland with 18 points, and Henschelbergers was the big wheel in the Indiana attack with 14 points.

In the finale at 9 tonight, Liberty Clowns will battle State Bank in a semifinal consolation tilt. Championship and consolation championship games will be played Friday night, opening with the consolation argument at 8:15.

Tigers Have Trouble In Deep South

Atlanta, Ga., April 8 (P)—The Detroit Tigers, after two close tussles with Southern Association teams in the past two days, are figuring that American league clubs won't provide any tougher opposition.

The two games—with Birmingham and Atlanta—were supposed to be in the nature of tuneups for the Tigers' regular American league campaign, but they didn't follow the script.

Birmingham knocked off the Detroiters 8-7 Tuesday.

And yesterday it was the Atlanta team which battled the Tigers on even terms for nine full innings and succumbed only after the Tigers broke out with five runs in the 10th.

Mason Leeper, a 19-year-old southpaw, limited the Tigers to two runs in the first six innings and Ken Deal took over in the seventh and blanked the Bengals until the 10th.

Then the Tigers, who nearly saw the game lost to them because of Atlanta scoring threats in the eighth and ninth, came to life.

Vic Wertz started the rally off with a single and George Kell sent him to third with a double. George Vico was walked, loading the bases.

Pinchhitter Freddie Hutchinson, batting for Catcher Bob Swift, was walked forcing in Wertz with what proved to be the winning run.

Pat Mullin batted for Pitcher Art Houtteman and his single drove in two more runs. An error and a force play gave the Tigers their last two runs and a 7-2 margin.

Neil Berry, continuing his bid for the regular shortstop berth, drove out two doubles.

The Tigers tangled with Atlanta again this afternoon with Paul "Diz" Trout listed to pitch for the American leaguers.

ESCANABA DAILY PRESS SPORTS

BY IIM WARD

Dapper James Mancini, Iron Mountain's sports promoter par excellence, has come up with a money of an idea backed by the well known Mancini mint (shekels, pieces of eight, lucre to you) that promises to bring some fast semi-pro baseball to this Upper Peninsula of ours.

The piece de resistance of which we speak is the first annual upper Peninsula and Northern Wisconsin Semi-Pro Baseball tournament to be played on four successive weekends in Kingsford in July, featuring floodlight games on Thursday, Friday and Saturday of each week.

Now, this would not be particularly alarming except that the prize is not peanuts. The boys will not be playing merely to work up a perspiration.

In fact, Maestro Mancini has kicked loose with \$2,000 in prizes to the winners, and it is conservatively estimated that it will cost jaunty Jimmie another \$1,500 to underwrite the baseball bonanza.

It goes without saying that as manager of the up-and-coming Kingsford Cardinal ball club, Mancini hopes to take at least some of that money out of his right pocket and put it in his left.

But be that as it may, the tourney is a gamble on his part, and he is to be commended for putting up 2,000 greenbacks for prizes, which is sure to draw the best of baseball talent in the U. P. and Northern Wisconsin.

Come to think of it, he is to be commended for having that much money.

All semi-pro baseball teams in the area mentioned are eligible to participate and the only personnel restriction is that no player in organized (i. e. professional) baseball may be used. The deadline for signing players will be announced later.

Mancini's first prize is \$1,000. The second-place team will take home \$500, third place \$250 and a handsome trophy will go to the team winning fourth place.

It will be the first of its kind in the U. P. and Br'er Mancini plans to make it an annual affair.

One of the features of the fourth annual Escanaba silver gloves boxing show at the William Bonifas gym next Monday and Tuesday nights will be the appearance of 15 Marinette youngsters in action against Escanaba scrappers. This portion of the show will be presented Tuesday night.

Some of Marinette's better boys coming here for the ring work are George Mudrak, Arnold Niemmen, Jerry Barofsky, Frank Walter, Eugene Theriault and Don Mudrak.

Michigan '9' Opens Regular Season At Ohio State Friday

East Lansing, April 8 (P)—A 20-man Michigan State baseball squad left today for Columbus, Ohio, to play the opener of the regular baseball season against Ohio State Friday.

Dick Dietz, Detroit right-hander, was picked to pitch the opener. Charlie Dietrich, Imlay City left-hander, probably will get the nod to start the second game of the twin bill Saturday.

Both won one and lost one during the southern spring training trip. Main concern of Coach John H. Kobs was the receiving end of the battery. George Pavlick of Benton Harbor and Ed Zbiacki of Flint, his two mainstays behind the plate, both bruised their hands during the Dixie tour.

If the two regulars are not able to start, Bob Miller, a sophomore from Farmington, probably will get the assignment.

Miller did not take the southern tour but caught for the junior varsity last year.

Sports Mirror

Today a year ago—Welterweight champion Sugar Ray Robinson stopped Eddie Finazzo in the fourth round at Kansas City.

Three years ago—Walter Ris of Bainbridge Navy defeated Alan Ford in 100-yard free style of National AAU swimming meet.

China and India account for only 2 per cent of the world's manufacturing, although they contain 40 per cent of its population. Great irrigation works were built in India, Chaldea and Egypt at least 4,000 years before the Christian era.

Card of Thanks

It is with a feeling of sincere gratitude that we take this means of expressing our deep appreciation and thanks to our neighbors, relatives and friends for their kindnesses shown us in our recent sad bereavement, the death of our beloved husband and father, Joseph Belanger. We are very grateful to those who sent flowers and spiritual bouquets, those who served as pallbearers, those who offered the use of their cars, and all others who aided us in any way. Your kindness will always be held in grateful remembrance.
Signed: MRS. JOSEPH BELANGER AND FAMILY. 1394-99-1t

We wish to take this means of expressing our sincere appreciation and thanks for the many acts of kindness shown us during the illness and death of our beloved brother, Peter P. Schultz. Especially do we wish to thank the American Legion, the Walter Cole and August Mattison Poles, the pallbearers, those who sent floral offerings, and donated the use of their cars. We are very grateful to those who sent flowers and spiritual bouquets, those who served as pallbearers, those who offered the use of their cars, and all others who aided us in any way. Your kindness will always be held in grateful remembrance.
Signed: MRS. EDNA WOLF THE SCHULTZ FAMILY. 1404-99-1t

25 VOTE GAIN FOR REYNOLDS

Error Discovered This Morning At Canvass

The city election board of canvassers discovered an error of 25 votes in favor of Nevin Reynolds in reviewing returns from the fourth precinct this morning, giving Reynolds a margin of 26 votes over Thomas X. Quinn for the third seat on the Escanaba city council. The final tabulations of the board gave Reynolds 1221 votes to 1195 for Quinn.

Errors were discovered in the tabulations of all candidates for city council except William Koppes who polled 117 votes and Quinn, largest gains were made by Elmer Erlendson and Edwin Kositzky, each of whom gained 50 additional votes in the 7th precinct. Robert LeMire, who polled the heaviest vote in Monday's election, lost 43 votes in the seventh as a result of the board of canvassers review of the returns this morning.

The final tabulations follow: Breitenbach 666, Carlson 113, Erlendson 888, Klasell 1080, Koppes 117, Kositzky 828, LeMire 2069, Olson 662, Quinn 1195, Reynolds 1221, Rheame 754, and Wickman 1703 in the council election. Henry Ranguette polled 2876 for justice of the peace, full term; Carl Johnson 1949 for justice of the peace, unexpired term; and Matt Meyer 2140 for constable. The latter three were unopposed.

The board did not complete its work this morning, adjourning at noon until two p. m. at which time the board will open the ballot boxes to obtain poll books from five precincts—the second, third, fifth, sixth and seventh. Such books should have been included in the election returns to the canvassing board but the precinct boards locked the poll books in the ballot boxes instead.

Despite the 26 vote margin Reynolds now leads Quinn in the race for the third council seat, the probability of a recount still exists. Determination of this question probably will come this afternoon after the board of canvassers completes its work.

Obituary

THOMAS BOYLE

Funeral services for Thomas Boyle, veteran employee of the City of Milwaukee who died here Wednesday, will be held in St. Joseph church Friday morning at nine o'clock. Rev. Fr. Alphonse will officiate. Burial will be in Holy Cross cemetery.

MRS. IDA JANE SMITH

Funeral services for Mrs. Ida Jane Smith were conducted by Rev. Otto Steen this afternoon at 2 o'clock at the Boyce funeral home chapel. Burial was in Holy Cross cemetery.

During the service Mrs. Albert J. Olson sang "Rock of Ages" and "Jesus, Saviour, Pilot Me." Mrs. Anna Harrod was accompanist.

Pallbearers were Roy Parrish, Robert Osier, Henry Brandenberg, Norman Stephenson, Albert L. Heureux and John Kroner.

Personal News

Jack Bergman, a student of the University of Michigan, has arrived from Ann Arbor and is visiting his parents. He was accompanied by Eddie Martinuzzi, of Detroit, also a student of the university.

Richard Wade, who is employed in Washington, D. C., has arrived to visit with his parents, Mr. and Mrs. Howard Wade, Ford River road.

To Feel Well.. Look Well..Act Well..

you must have
proper bowel elimination

If you feel out of sorts, nervous, and suffer from headaches, gas, bloating, upset stomach, bad breath, lack of appetite, loss of sleep—remember—it may all be due to constipation. To relieve the constipation Dr. Jeter's KURIKO has proved to be the ideal medicine. Use as directed. Gently and smoothly this laxative and stomachic tonic puts sluggish bowels to work and aids them to eliminate clogging waste matter, helps expel constipation & gas, gives the stomach that comforting feeling of warmth. KURIKO's amazing effectiveness is due to a scientific formula which combines 18 (not just one or two) of Nature's medicinal herbs, roots and botanicals—a secret formula perfected over a period of 75 years. Yes, for prompt, pleasant, proven relief for constipation's misery—get KURIKO today from any Fairway agency, such as:

Elmer Geniesse, Brother of Former Escanaban, Is Dead

Elmer Geniesse, 54, of Milwaukee, a brother of George Geniesse, of Berkeley, Calif., former resident of Escanaba, died Monday night at his home after a short illness. He had been employed by the Wisconsin Telephone company for 34 years, starting in Green Bay, in 1912.

He was born in Green Bay, June 13, 1933 and attended St. John's school and East high school.

He was a member of the general commercial staff of the telephone company at the time of his death. Surviving members of the family are a sister, Miss Ida Geniesse, Green Bay; and five brothers, George, of Berkeley, Calif.; Arthur, Milwaukee; John and Louis, Green Bay; and Ralph, of Appleton, Wis.

Funeral services were held this morning at 10 o'clock at St. John's church in Green Bay and burial was made in Allouez cemetery.

The lubricating value of oil is due to its chemical structure and composition, not to its viscosity.
